## ABOUT OUR SCHOOL

A small, community school located in the heart of a residential Madison neighborhood, Gateway Elementary School provides the safe and educational environment every parent desires for their child. From qualified, caring teachers to our family resource center and other support services, Gateway has a lot to offer our students and families. The school's small size gives us the unique ability to get to know all of our students and families. We integrate this family atmosphere into our daily schedule of education. At Gateway, we are a community of students, parents, teachers and staff. We work together to be prepared, use honest communication and follow rules and procedures. We set and expect high expectations. Our teachers educate our students on how to show good character, value time and treasure education.
