## ABOUT OUR SCHOOL

Hermitage Elementary is the first and only Cambridge Primary School in our state. By beginning their education at Hermitage Elementary, students in the Donelson area can now experience an internationally developed curriculum that fosters inquiry, problem-solving and next-level thinking throughout their educational pathway. The Cambridge curriculum is already in place at Donelson Middle Prep and McGavock High School.

In addition to this advanced program that all students participate in, we offer a well-rounded education that meets and exceeds the requirements of the school district and state.
