ABOUT OUR SCHOOL

Hillsboro High School has a long tradition of being the highest achieving zone school in Nashville, and one of the top performing zone schools in Tennessee. Students have the opportunity to participate in world-class academic, arts and athletic programs. Hillsboro is unique as both an IB World School and an Academy School.

Other academic programs include a STEM focus, Advanced Placement classes, blended learning, which combines traditional classroom instruction with technology-enabled, student-guided lessons, and the college readiness program AVID. As an open-enrollment school, we have students from across Nashville enrolled in Hillsboro. Our students come together to form a society that is inclusive and supportive—one that challenges all students to be their best.
