ABOUT OUR SCHOOL

At J.E. Moss Elementary, we actively teach skills that go beyond academics in preparing our children to pursue their own lifelong passions. As one of two model schools for social and emotional learning and the Responsive Classroom approach, our faculty is dedicated to the development of each child.

We incorporate practices that make our classrooms more stimulating, challenging, safer and happier. Our staff believes that our student diversity is a major strength, and we think it teaches our students tolerance and respect for one another. Our highly trained faculty makes sure every child feels welcome, respected and like an important part of our learning community while growing in their education.
