ABOUT OUR SCHOOL

Joelton Middle Prep offers a curriculum focused on the four 21st century competices: critical thinking, communication, collaboration and creativity. Our teachers will use Project Based Learning to increase the academics for all students. Our students will experience the challenge in academics while while gaining an appreciation for technology. Students will also aquire and refine the rigor and skills that will maximize their educational and career options. PBL will be the dirving force behind academic growth.

Our mission is to provide a safe learning enviroment, set high acaademic expectations, meet student needs both socially and academically and prepare students for high school, college, and career readiness.

A TYPICAL DAY AT SCHOOL

Our School Day Starts At 9:00 a.m.

School-Wide Intervention For 45 Minutes
