ABOUT OUR SCHOOL

At Julia Green Elementary, we strive to implement our mission every day, which is to create a foundation that encourages compassion, tolerance, integrity and a commitment to learning. The heart and focus of everything we do is for the children. Our hope is that every Julia Green student develops a lifelong love of learning through our engaging classroom work and a multitude of extracurricular activities and special events.

As one of the only International Baccalaureate Primary Years Programme Schools in the district, we encourage learning through inquiry and intercultural understanding. Our curriculum focuses on the whole child to ensure that we are meeting the students' needs academically, socially and emotionally.
