Principal: Christie Lewis
School Counselor: Michelle Denning

ABOUT OUR SCHOOL

Lockeland Design Center is a public magnet school designed with a specific emphasis on literature and language. Literature is a medium utilized at Lockeland to increase student knowledge and achievement in all subject areas.

With a focus on challenging academics taught by nurturing and encouraging teachers, Lockeland helps students excel both inside and outside the classroom. Our third and fourth graders regularly place in the top 5 percent of students in the state for performances measured by overall student achievement levels.

A TYPICAL DAY AT SCHOOL

Reading Language Arts
Math
Integrated Social Studies and Science
Personalized Learning
