ABOUT OUR SCHOOL

At Margaret Allen Middle Prep, we make sure every student excels and becomes a lifelong learner. Students get personalized instruction that embraces the diversity of our community and helps them develop healthy social and emotional habits. We hold everyone—teachers and students—to the highest of expectations.

Margaret Allen uses Restorative Practices to handle major discipline issues. We work together and support each other. Our students embrace the three Rs at our school: being respectful, responsible and ready. It is our goal for our students to utilize their academic skills to influence change in the world.
