## ADMINISTRATION

**Principal:** Kellee Akers

**Secretary:** Deborah McKeever

**School Counselor:** Jenese McCarroll

## ABOUT OUR SCHOOL

Motivated, engaged, exciting, welcoming, supportive, respectful, determined, proud. These are just a few words to describe Rosebank STEM School and our wonderful community of students, teachers, families and supporters. Our innovative staff are dynamic and energetic and focus on educating children as whole through focusing on social-emotional learning, restorative justice and community building.

As our name suggests, Rosebank boasts a strong STEM focus. Our newly implemented STEM program offers direct engineering and technology instruction, as well as opportunities to work in a maker space and partner with scientists from Vanderbilt University. Our school garden is currently under construction and will provide students opportunities to grow seasonal crops as well as provide an outdoor learning space.
