ADMINISTRATION

Principal: Michael Westveer
Assistant Principal: Yolanda Statom
School Counselor: Molly Barnard

ABOUT OUR SCHOOL

Our mission at Ruby Major Elementary is to educate the whole child, addressing both character and intelligence. We have a faculty and staff who encourage students to be critical thinkers, curious learners and persons of integrity. Our curriculum challenges students at every level, keeping them physically and mentally active while preparing them for life beyond the classroom. Every student here is also given the opportunity to explore their talents by participating in related arts courses daily, including physical education, music and art.

Students have the opportunity to receive extra help and instruction every school day, and we offer tutoring to students who want and need it outside of the classroom. We also extend our support to families and our surrounding community by providing English language classes and a clothing closet for families who need assistance with school uniforms. In other words, we help students become Rockets who Soar to Success.
