ABOUT OUR SCHOOL

Stratton Elementary instills our students with a love of learning and preparing them for middle school and beyond. We encourage our students and their families to grow with us as we build character, self-awareness and academic excellence. Our educational support extends out into the community.

At Stratton, we teach our students to dream big as we create avenues and pathways to make those dreams a reality. We're a safe haven where minds are stretched and creativity is embraced. Our teachers and staff believe watching our students grow into their own is nothing short of amazing.
