ABOUT OUR SCHOOL

Tulip Grove strives to be a place where each child is challenged by an active and safe learning environment, positive behavioral expectations and academic success. As an accredited school through Advance-Ed, we take pride in an outstanding staff with a wide variety of skills and experience that are used to create unique and engaging learning opportunities for all of our students.

Providing an individualized instructional program for our students and building their self-confidence are two of our valued objectives. Our teachers plan content-rich lessons bringing in real-world experiences based on Common Core Standards. Our vision is that we will provide instruction that meets the individual needs of students and lays the foundation for lifelong success.
