ABOUT OUR SCHOOL

At Westmeade Elementary, you will find a welcoming community of caring educators who are also curious lifelong learners themselves. Our students consistently score well on tests, but our primary concern is that your child feels safe and supported as they learn and ask questions.

We believe a healthy child needs a balance of art, music, academics and physical education to be well-rounded. While we emphasize nature in our curriculum, we are also committed to using technology with our students to allow them to be ready for work and life in a technological world.
