ABOUT OUR SCHOOL

Antioch Middle School is a diverse school that invokes a sense of family and pride with our students and staff. We have a student-centered, teacher-supportive administrative team, and we utilize a team-based approach when developing interventions for students and resolving student issues.

We are pleased to have additional computers and a new online program that enhance intervention and enrichment in math and reading. We offer classes in STEM and the arts. Our teachers incorporate blended learning opportunities in every classroom. Our teachers are dedicated and ready to provide high-quality instruction and unparalleled support to our students every day.
