ABOUT OUR SCHOOL

Alex Green Elementary School serves grades Pre-K-4 at a warm and welcoming campus nestled in the rolling hills of the Whites Creek community. Taking advantage of an extended school day, our faculty and staff focus on providing challenging instruction in a nurturing and supportive environment.

We invite and encourage families to become actively involved in their student's education. Our teachers build strong relationships with students while engaging them in interactive lessons and activities. We promote academic and social growth for every student at Alex Green Elementary because we believe every student has the capacity to excel. As a staff, we are dedicated to helping your child SOAR.
