ABOUT OUR SCHOOL

Andrew Jackson Elementary is dedicated to the education of our students through instructional leadership from teachers and staff and with the support of many community partners. At Andrew Jackson Elementary, we focus on meeting each student where they are academically, socially and emotionally. We support student learning through collaborative planning, rigorous instruction, RTI, Restorative Practice, morning/closing meetings and much more. We have departmentalized classes in second, third and fourth grades, and all students have access to a laptop and SmartBoards in the classroom. Andrew Jackson Elementary strives to help students to be successful, bring out their talents and guide them to develop skills to be competitive in an ever-changing world.
