

ABOUT OUR SCHOOL

Hickman Elementary serves a richly diverse population reflecting our community. We are dedicated to serving our students through teacher collaboration, personalized learning and classroom engagement. Our school provides support and resources to meet the needs of all students, including ENCORE for gifted and talented students, and English learner services for students and families who primarily speak another language.

Our staff and faculty believe that parent-teacher collaboration is the key to creating competent, well-rounded, responsible and confident learners. We strongly believe in and support the potential of every student.

A TYPICAL DAY AT SCHOOL

All students begin the day with breakfast in the classroom with their peers. At this time the morning announcements and classroom meetings occur. Students participate in rigorous academic standards with their peers throughout the school day with a focus on literacy, math, science and social studies.

Response to Intervention and Instruction (RTI²) time where students work with peers at their assessed level.

Related Arts offerings include: technology, physical education, music, art and drama
