ABOUT OUR SCHOOL

DuPont Tyler Middle School's mission is to provide diverse learning experiences in a safe, orderly environment for improving student learning by committing to every child, every day. We are a restorative practice school where we focus on building healthy communities, repair the harm, and restore relationships. We hold high expectations for all to achieve their personal best. Many of our students are enrolled in band and orchestra and enjoy weekly small lessons and daily orchestra rehearsals. Students not enrolled in either band or orchestra enjoy a varied rotation of classes in each grade such as physical education, art, and 8th grade Spanish for high school credit.
