Parent Involvement Policy

Amqui Elementary

2018-2019

Parents and Community are Partners

To ensure the best educational and learning experiences for each student, the parents, staff and community stakeholders of Amqui Elementary jointly help plan and design the Amqui school program.

School Sends Parent Involvement Policy and Compact

At the beginning of the school year, the school sends home the Parent Involvement Policy and Compact that have both been developed by staff and parents. The Parent Involvement Policy is discussed at the Annual Title 1 Meeting and throughout the year. The Compact is discussed during Parent-teacher conferences.

Parents are Aware of the Curriculum and Student Expectations

During the Open House in August, and throughout the year at parent meetings, teachers and staff members share with parents: the curriculum, assessment measures, standards and student proficiency expectations.

Local School Plans Parent Involvement

At the beginning of the school year, during the Annual Title 1 Meeting, parents are informed of the school’s participation in the Title 1 program, the requirements of the program, how funds will be used to pay for parent involvement activities, and of their rights to be involved.

Parent Training Classes

Throughout the year, parents receive guidance in working with their child in such areas as: child development, literacy and math training, computer training, pre-school and kindergarten preparation, and in middle school preparation.

Parents Evaluate Title 1

In the spring, a survey is sent home with each student so that every parent can help evaluate the effectiveness of the parent involvement activities. Parents suggest changes they feel would make a better program and indicate the strengths of the Amqui Schoolwide Program. Revisions are made based on parent response.

Communication with Parents

Parents read timely information about schoolwide activities, classes, performances, and programs through memos, flyers, newsletters, the marquee and a monthly calendar. The school website and our Connect Ed system (call-outs) are also used to keep parents informed. This communication will be available in the languages of our school enrollment.

Progress Reports

Teachers give regular reports, from assessments on student progress, through notes, phone calls, progress reports (mid-nine weeks), and report cards (every nine weeks). Parent Portal is, also, available online for parents to utilize for checking student progress. The school provides opportunities for parents to be informed of the State’s academic and achievement standards in workshops and reports sent home. The school provides opportunities for parents to volunteer, visit classes and participate in parent-teacher conferences on conference days and throughout the school year.
