ABOUT OUR SCHOOL
There's a lot that's unique about Robert Churchwell Elementary, starting with the real museum inside school, which provides our students with countless learning opportunities. Students serve as curators, designers and docents for our rotating collection of artifacts from larger museums and from our Churchwell families who are graciously willing to share their history and talents with us.

In addition Robert Churchwell Museum Magnet Elementary School offers challenging academic programs in a supportive community, using research-based curriculum and methods that align with the Tennessee State Standards. Our staff facilitates learning with a rigorous curriculum focused around science, social studies and the arts. We provide our students with support for goal setting and a variety of ways to demonstrate knowledge and achieve success.
