ABOUT OUR SCHOOL

The Academy at Hickory Hollow is a non-traditional Metro Nashville Public High School for students 17-21 years of age who want to obtain their high school diploma. We are located inside the Nashville State Community College Southeast Campus in Antioch.

Our school has several goals. The most important of these is to assist each student in reaching his or her goals. In doing that, we also seek to develop a relationship with each student, recognize each student as a unique individual, celebrate the success of each student and develop a caring, respectful, safe and nurturing environment for our students.

A TYPICAL DAY AT SCHOOL
