MULTI-TIERED SYSTEM OF SUPPORT (MTSS)
Metro Schools knows our students each have a unique set of needs and the teaching and learning in our classrooms must reflect that. Through our Multi-Tiered System of Support (MTSS) framework, educators and administrators have proven tools at their disposal to support a timely and effective response to academic and behavioral needs for each student — meeting the child where they are.

HOW MTSS WORKS
Our school has a dedicated MTSS team, representative of teachers and leaders throughout the building. This team meets to discuss students who may need additional supports and reviews each student’s supporting data. Our MTSS data team meets every five weeks to identify students who may need additional supports and interventions. This team monitors students’ progress and adjusts plans as needed.
