Parents Right to Know

Warner Elementary School has been identified as a Title I School. To be eligible for Title I funding during the 2019-2020 school year, a school in MNPS must have at least 50% of its students identified as economically disadvantaged.

Title I is a federal grant program designed to give educational assistance to students living in areas of high poverty. The Title I program originated in 1965 when Congress passed the Elementary and Secondary Education Act (ESEA), and was reauthorized in 2001 with the passage of the No Child Left Behind Act (NCLB).

- You are entitled to know how funds are currently being spent for all of our students and what is being planned for our school;
- The qualifications of the teachers assigned to teach your child; and
- You have the right to review the school’s state report card and student progress information.
- Student progress will be reviewed and discussed during conferences and other forms of communication;
- You have the right to know how your child’s school is performing on tests and if the school and the district have achieved their goals for student achievement;
- You have the right to send your child to a safe school. (McKissack is designated as a safe school).
- Our school community has developed a Parent Compact and a Parent Involvement Policy which outlines student, staff, and parent responsibilities that will be in place for this school year;
- Our school relies on support from our parents to help raise student achievement. The administration, staff, and students extend an invitation to all parents and community members to partner with our school.
- Parents can support our school by attending family activities, conferences, and volunteering to be a member of our school planning committee.
- Title I funds are to be used for the purpose of student achievement, staff development, and to build parent capacity to better support their child’s educational attainment. In general, Title I funds are to be used to enhance the regular school program and should be consistent with the School Improvement Plan. These expenditures must be necessary, reasonable, and allowable.
