**English**
We will be looking at:
- fantasy stories
- non-chronological reports
We will continue to develop our understanding in reading and phonics with daily practice. We will also take part in a range of activities for book week.

**Maths**
We will be looking at:
- Multiplication
- Division
- Fractions
- Length and height
We will continue to develop fluency in Maths with regular times table practice.

**History, Geography, Science, Music, DT, ICT, PSHE**
We will be looking at:
- which plants grow in different locations around the world
- identifying plants and their features
- understanding why plants are so important to humans
- how to grow plants successfully
- the art work of Georgia O’Keefe and how to use skills to sketch plants
- enhancing photographs using computer programmes
- how to compose a piece of music on tuned and untuned instruments

**Other Information**
06/03/19 - World Maths Day
11/03/19 - Book Week

**Physical Education**
We will be learning to:
- Continue to develop gymnastic ability through control and movement across the floor and apparatus
- Learn basic ball control and passing skills in Hockey

**Religious Education**
We will be exploring the question:
Why does Easter matter to Christians?
