- If you have insurance that covers acupuncture we will gladly submit your claims for you. You are responsible for your deductible, your co-pay and co-insurance amounts. Please verify that your insurance is current, that it will cover the medical services provided by a Licensed Acupuncturist, and that you have met your deductible. ***If your insurance denies payment of a claim, or does not cover a specific service provided by Many Paths Clinic, you are responsible for the billed charges.***
- An example of services commonly used in this clinic that some insurance companies are now applying to ‘physical therapy’, and may not pay for are the infra-red lamp, Acupressure-Shiatsu, and other forms of “manual therapy”. **You have the right to decline these services when offered.**
- The typical first visit ranges from \$116-\$188 and continuing care visits range from \$84-\$156 (depending on the time and complexity of the session). The average visit is \$84.00 with a payment at time of service discount.
- Most conditions require an average of 6-12 treatments, although some will respond well within 4-6 visits and others may require a longer series – this depends on the severity and the chronic nature of the chief complaint.
- Cash, checks, debit cards, and Mastercard or Visa are accepted.
- Many Paths Acupuncture currently offers discounts to several groups, organizations and local businesses.

****Exceptions Please note that only one discount at a time is applicable, i.e. if you qualify for one of these discounts the 20% off at time of service discount does not apply.** There are no discounts offered on herbs, supplements or other products. Discounts apply to acupuncture and acupuncture related services only, nutritional counseling is excluded.
