2018-2019 Wheeled Vehicle Registration Fee Change

EFFECTIVE MAY 1, 2018

The fee for Annual and 14-Month wheeled vehicle registrations will increase by $30 for individuals who are not a member of a New Hampshire Off Highway Recreational Vehicle (OHRV) club.

To receive the discounted member rate, individuals must show at the time of registration, valid proof of membership for the corresponding registration year, to a N.H. wheeled vehicle club that is a member club of the New Hampshire Off Highway Vehicle Association (NHOHVA).

Why the Increase?

• These fee changes were proposed by New Hampshire’s OHRV community, and passed by the N.H. Legislature. For information regarding OHRV club membership, contact NHOHVA at (413) 200-8061, nhohva.org.

• The non-member fee increase will provide more funding to OHRV clubs for trail maintenance and new projects.

Did You Know?

The majority of registration fees go to the N.H. Bureau of Trails, which in turn distributes monies back to clubs for trail maintenance through the Grant-in-Aid Program. Registration fees are also used for safety education and enforcement coordinated by N.H. Fish and Game, which help make our trails safer.
