Friends of Minidoka engages in and supports education, research, and historic preservation of the WWII Japanese American incarceration experience. We strive to pass on the history, legacy and lessons of civil liberties through transforming and inspiring experiences for the general public and those with personal and familial ties to Minidoka. We are committed to working with partners, including the National Park Service, to accomplish these goals.

To our many supporters, donors, sponsors, volunteers, and friends who made our work in 2016 possible – THANK YOU. You stuck with us through our transition from an all-volunteer board to a growing non-profit with paid staff. We are able to do the work we do because of you, and we look forward to accomplishing great things together in 2018 and beyond.

Are you maximizing your donation? Don’t forget to ask your employer about matching gifts! Employee matching gifts are donations an employer makes to match charitable contributions from their employees. Employee matching gifts often are dollar-for-dollar, but some companies will give double or even triple the original donation.

Have you considered a gift of stock? Make a bigger impact by donating long-term appreciated securities, including stock, bonds, and mutual funds, directly to Friends of Minidoka. Compared with donating cash, or selling your assets then contributing proceeds after the tax deduction, you may be able to automatically increase your gift and your tax deduction.

Are you thinking about preserving the legacy of Minidoka through planned giving? Whatever your stage in life, it is a good idea to plan for how your affairs will be handled. Your estate plan can be used to protect your loved ones and leave a lasting legacy by ensuring that the Minidoka story will stay alive for generations to come. Consider designating these gifts in your plans:

- **Ask your heirs to give a gift to us in your memory.** If you are leaving most of your assets to your children or grandchildren, you could arrange with them to donate a small portion of their inheritance to us in your memory. They would get an income tax deduction for the gift when they make it, reducing the cost to them.

- **Name Friends of Minidoka as a beneficiary of your IRA or retirement plan.** Retirement assets are among the highest taxed assets in any estate. Your heirs will be taxed on income tax and maybe state or federal estate taxes. If you leave the remainder to us, there will be no taxes due.

- ** Arrange for the remainder in a savings or stock account to go to our organization.** It is possible to rename a bank savings account in such a way that at your death whatever remains in the account is transferred to Friends of Minidoka. These are known a TDO, or transfer on death account.

- **Make Friends of Minidoka a beneficiary of a life insurance policy you already own.** If you have life insurance you have probably named your spouse, children or other relative as the beneficiary. Consider including Friends of Minidoka as well.

---

**Thank you for a successful 2016!**

We could not accomplish our mission of preserving the legacy of Minidoka without your support. As a small but growing organization, we appreciate your patience with our compiling and sharing these records. Please look for the 2017 donor report in our spring newsletter. We apologize for any errors found in these records. Please help us correct any errors by contacting us at mia@minidoka.org or (208) 863-0076.
