

“NO FRUIT LEFT BEHIND!”

Donate Your Local Fruit

Iskashitaa Refugee Network is made up of volunteers and UN refugees who harvest over 50 tons of produce annually from edible trees in backyards, orchards, gardens, and farms in Tucson and Pima County.

Pay it forward, else it goes to waste!

- We (or you can) pick your fruit, then we redistribute produce to the Tucson refugee community and other food insecure and Community Food Banks
- Think sustainability & reduce the waste of local food
- Feed families, not landfills!
- Your donation of dollars and fruit are tax-deductible
