If you are a current client of SGMT, please read:

SGMT is continuing to participate in local measures to slow the spread of COVID-19.

The clinic space remains open for healthy clients needing antenatal/postpartum appointments.

Healthy clients are required to attend appointments alone, including without children. Healthy clients are required to wear a mask while in the clinic space. Masks are provided onsite if needed.

No clients, support people or children who are sick can come to the clinic.

If any of these create a challenge for you attending appointments, please speak to your midwife.

SGMT staff will screen everyone at the clinic door. Anyone experiencing the following will be directed to return home immediately and contact the clinic:

• Fever,
• A new cough or worsening chronic cough,
• Shortness of breath or difficulty breathing,
• Sore throat,
• Difficulty swallowing,
• Decrease or loss of sense of taste or smell,
• Chills,
• Headaches,
• Unexplained fatigue, malaise, or muscle aches,
• Nausea, vomiting, diarrhea or abdominal pain,
• Pink eye / conjunctivitis,
• Runny nose or congestion without another cause,
• Travel outside of Canada in the past 14 days,
• Positive test for COVID-19, or
• Close contact with someone who has tested positive for COVID-19, while not using PPE.

The measures we are taking are in the interest of our staff, our clients and their families. If you have any concerns or questions about how they may impact you, please email our SGMT partners at midwife@sgmt.ca, or call our front desk at 416.530.7468.

Rude or aggressive behaviour towards our staff will not be tolerated.

Miigwetch. Thank you.
