

PLEASE HELP BUILD A FOUNDATION OF HOPE

The Dream Project Bricks Build Homes Initiative

The Vision:

1. Build 12 transitional homes for orphans and vulnerable children in Mozambique who love Jesus. They are transitioning into independence in a culture where Christianity is not the dominant religion.
2. Purchase a building and support business initiatives in Mozambique which will:
 - Provide needed employment for the transitioning young adults.
 - Provide income to make ministry more self-sustaining.
 - Provide prime space to host outreach events like showing the Jesus Film to the community.
3. Assist in securing a home for the missionary family overseeing this initiative and ministry.
