

WHAT QUESTION CAN DATA HELP YOU ANSWER?

mySidewalk's Full Data List / Updated Jan. 4, 2017

mySidewalk

TYPES OF DATA

Here are the types of data available in mySidewalk.

All of the data in mySidewalk are categorized into one or more of these types.

CITY PLANNING

LIVABILITY

ECONOMIC DEVELOPMENT

PARKS PLANNING

ECONOMY

POPULATION & DEMOGRAPHICS

EDUCATION

PUBLIC HEALTH OFFICIAL

ELECTIONS

PUBLIC SAFETY

ELECTED OFFICIAL

TECHNOLOGY

ENVIRONMENT

TIME SERIES

HEALTH & WELLNESS

TRANSPORTATION

HOUSING

TRANSPORTATION PLANNING

DATA SOURCES

Where does all of this data come from?

We've collected and integrated data from the following sources:

- **U.S. Census Bureau, 2011–2015 American Community Survey (ACS) 5-Year Estimates** | ACS 5-year estimates become available in December of the year following the calendar year of the data. ACS (2011-2015) 5-year estimates were released on December 8, 2016.
- **The U.S. Department of Housing and Urban Development (HUD) and the U.S. Department of Transportation (DOT)** | Location Affordability Portal, Version 2: Location Affordability Index. For more information about this data visit: <http://www.locationaffordability.info>.
- **U.S. Census Bureau's Longitudinal Employer-Household Dynamics Data (LEHD), LEHD Origin-Destination Employment Statistics (LODES)** | LEHD links State Quarterly Census of Employment and Wages (QCEW) with federal administrative records. Data covers approximately 90% of the total US workforce. More about the LEHD program: <http://lehd.ces.census.gov/>
- **Various Secretary of State offices and State Board of Elections** (collected between January and March of 2015)
- **Smart Location Database Version 2.0** (derived from Census LEHD, 2010)
- **Small Business Administration** (extracted from USASpending.gov)
- **Various Local Community Data Sources** | With the ability to make data public or private, many of our clients are choosing to make this information available to others, creating a large data network.

A detailed description and data source accompanies every single data set available in the mySidewalk application.
