2110   Statement of Purpose

The purpose of these rules is to ensure that all students in Vermont public schools are afforded educational opportunities that are substantially equal in quality, and enable them to achieve or exceed the standards approved by the State Board of Education.

These rules are designed to ensure continuous improvement in student performance, instruction and leadership to enable students to attain rigorous standards in high-quality programs.

Nothing herein shall be construed to entitle any student to educational programs or services identical to those received by other students in the same or different school districts. These rules are in addition to and, unless otherwise specifically stated, do not supersede other rules contained in the Vermont State Board of Education Manual of Rules and Practices.

Pursuant to 16 V.S.A. §164(9), the State Board of Education will implement and periodically update standards for student learning in appropriate content areas from kindergarten to grade 12. Supervisory union boards shall use the standards as the basis for the development and selection of curriculum, methods of instruction, locally developed assessments, and the content and skills taught and learned in school.

2112   Education Quality Standards

In order to carry out Vermont's policy that all public school children will be afforded educational opportunities which are substantially equal in quality, and in order to ensure continuous improvement in student performance, each public school shall meet the following education quality standards, and annually report to the community in an understandable and comprehensive form as required in 16 V.S.A. §165(a)(2).

2113   Federal and State Entitlements; Nondiscrimination

Each school or supervisory union shall ensure that students are furnished educational and other services in accordance with state and federal entitlements and requirements.

No student in a public school or independent school shall be excluded from participation in, be denied the benefits of, or be subject to discrimination under any educational program or activity as the result of, or based upon, the student's race, gender, color, creed, national origin, marital status, sexual orientation, gender identity or disability, or any other reason set forth in state or federal non-discrimination requirements.

Each supervisory union shall develop, and each school shall implement, a system of maintaining student records that aligns with Agency of Education statewide data collections; which enables accurate and timely reporting in connection with state and federal data collection requirements; and ensures the accuracy, relevancy and confidentiality thereof, and accessibility thereto; and which is in compliance with the federal Family Education Rights and Privacy Act of 1974 (P.L. 95-380 as amended from time to time).

Student records shall be safely retained. For grades 9-12, the transcripts of graduates and dropouts shall be permanently maintained and the academic records may be permanently maintained.
