What is the Oklahoma Heritage Preservation Grant Program?

The Oklahoma Heritage Preservation Grant Program is a grants-in-aid program offered by the Oklahoma Historical Society with a goal of encouraging the collection, preservation, and sharing of Oklahoma history at the grassroots level in all parts of the state.

Open to tribal and municipal governments and not-for-profit historical organizations and support groups located in Oklahoma and registered with the Oklahoma Secretary of State, this grants program offers funding typically ranging from $1,000 to $20,000 for projects focused on collections, exhibits, programming, and capacity building.

Eligibility

Is your project and/or organization eligible?
Who can apply?

- Applicants must be municipal, county, or tribal governments, or a not-for-profit historical organization, or a support group of one those eligible organizations.
- Applicant must be located in the state of Oklahoma
- Non-profit historical organizations must be:
  - registered and in good standing with the Oklahoma Secretary of State as a domestic not for profit
  - feature Oklahoma history as a major component of their mission
  - not-for-profit historical organizations are defined as follows:
    - museums
    - historic sites
    - historical associations
    - archives
    - libraries with special collections
    - genealogical associations
Who can apply?

- Engaged in Collecting
  - Applicant organizations must be engaged in the collection, preservation, and sharing of collections that may include objects, photographs, manuscripts, videos, audio recordings, maps, periodicals, microforms, books, vertical files, archaeological material, or buildings.

- Strategic Plan
  - Applicant organizations must have a strategic plan. If an organization does not have a strategic plan, the only project that will be eligible for consideration is the development of a strategic plan.

- Budget under $300,000 (this number may go up to $500,000 for next year)
  - means or refers to the most recent operating budget approved for the applicant organization. This budget shall include staff salaries but exclude non-reoccurring costs. Applicants of tribal or municipal governments may use the operating budget of the division in which the project will take place. If an applicant organization is a sub-entity of tribal or municipal government but is a historical organization (museum, historic site, historical association, archive, library with special collection or genealogical association) they will use the sub-entity's operating budget. Support organizations must use the operating budget of the primary beneficiary of the grant funds, regardless of the funding source of that operating budget. Libraries with special collections may use the operating budget allotted to special collections. An example of this would be a city government applying for a grant to digitize historic maps. This applicant would use the operating budget for the division which oversees archives, not the entire budget of the city government.
Eligible Projects

• The grants are largely specific to four main categories:
  • collections
  • exhibits
  • educational programs
  • capacity building

• Grant request amounts may range from $1,000 to $20,000. Grants for strategic plans may range from $500 to $5,000

• Applicants must provide a cash match of ten (10) percent of the total grant funds awarded by the OHS.

• Proposed projects must be completed within twelve (12) months of receipt of grant contract.
Typical Projects

The following serve as examples of projects that would be eligible for funding. Some of these projects may be accomplished by a grant recipient’s staff and/or volunteers, with payments available every quarter or month based on completed work. Some may be accomplished through OHS project teams that work as consultants to the grant recipients. Still other projects may be completed through third-party consultants who are paid quarterly or monthly based on work completed.

- Storage, management, and/or care of collections
- Conducting, transcribing, or cataloging oral histories
- Digital conversion of historical collections
- Preservation assessments
- Emergency Preparedness Efforts
- Environmental assessments and monitoring systems
- Exhibit research, writing, graphic design, fabricating, mounting, and installation
- Production or installation of audio/visual components of exhibits

- Strategic plan/succession planning
- Board, staff, and volunteer training
- Public programs, such as guided tours, classes, or lectures
- Publications
- Historical markers
- Website development
- Regional workshops
- Acquisition of collections
Ineligible Project Expenses

The following expenses will not be eligible for a grant funding:

- Repair, maintenance, or expansion of facilities
- Rent or mortgage payments
- Utilities or insurance
- Salaries, wages, or benefits for employees (project-specific salaries will be considered)
- Creation of new monuments, sculptures, murals, or other works of art, unless it serves as an integral part of a larger exhibit
- Acquisition of real estate
- Landscaping or site work, unless it serves as an exhibit, an integral part of an exhibit, or educational program
- Planning for new construction
- Indirect costs
- Food or drink
- Fundraising events
- Digitization of materials for which the applicant organization or primary beneficiary does not hold copyright or permission from the copyright holder
Weighted Criteria

AKA how your scores are determined!
Weighted Criteria and Scoring

• Using weighted criteria, a rating of one (1) to five (5) will be applied to each criteria by reviewers, with one (1) signifying minimum value and five (5) signifying maximum value. The rating then will be multiplied by the weight assigned to each criteria to determine a total value.

• All project proposals will be evaluated and ranked using the following weighted criteria:
Weighted Criteria

- **Institutional readiness** of applicant organization, which may include past accomplishments, programming/activities, facilities, base of support, strength of organizational strategic plan, community engagement, participation of board members/volunteers, accessibility to the public, or record of collecting experience/care. This criteria shall be weighted a factor of three (3).

- **Historical importance of the collections or theme** of the applicant organization as defined by the most current OHS Historic Context Review Report (available upon request/on website), which is in effect at the time of the solicitation of proposals. This criteria shall be weighted at a factor of three (3).

- **Project potential**, which may include, fulfilling a demonstrated need in the community or for the applicant organization, economic impact on community or organization, publicly accessible product/service, possible impact on the scope of collections, or produces measurable outcomes. This criteria shall be weighted at a factor of five (5).

- **Implementation of project**, which may include a clear and comprehensive explanation of the project, a clear explanation of how the project will be accomplished, identification of staff, volunteer, and/or third party vendor responsibilities, identification of deadlines, method for gauging project impact, or ability to complete project within one year. This criteria shall be weighted at a factor of three (3).

- **Organizational impact**, which may include a description of how the project fits into the long-term goals of the applicant organization, a description of how the project will increase the ability to attract and diversify future funders, and the ability to capitalize on the project’s success to springboard into future projects/collaborations. This criteria shall be weighted at a factor of three (3).

- **Failure to meet requirements from past Heritage Preservation Grant award** (if applicable). This criteria shall be weighted at a factor of negative two (-2).
Review Process

What happens after you hit submit!
Review Stages

• Compliance with Eligibility
• Scoring by OHS staff review committee
• Oklahoma Heritage Preservation Grant Review Committee
• OHS Board of Directors
Things to Consider:

- This program is a **reimbursement** based grant program. Grant recipients must submit documentation for completed work and invoices to receive reimbursement as the project moves forward. All reimbursements will be made after proof that work has been completed.

- Please note that organizations may only apply for one project. If you have multiple goals you wish to accomplish within one project, be sure to group those together into one cohesive project, not lots of different projects that add up to a certain amount of grant funds.

- Projects that are most likely to interest the reviewers will be those that have tangible improvements and possibilities (as noted in the criteria), not necessarily the ones asking for the most funding or the most elaborate request.

- Consider your funding request amount. If you are a smaller organization without a history of large projects, consider starting with a smaller grant project and return in another grant cycle to ask for more.

Oklahoma Heritage Preservation Grant Program

2020/2021 Grant Cycle
Past Grant Projects

- Cleveland County Historical Society and Moore-Lindsay Historic House Museum (Norman, OK)
  - Awarded $4,950 to add multi-sensory items in the house museum to enhance the experience with smells, sounds, and tactile experience and also create a touchscreen guide that will add to the interpretation and allow for better enjoyment for visitors who are unable to get upstairs due to accessibility constraints.

- Landmark for All Generations (Okmulgee, OK)
  - Awarded $6,587 to create an historical marker for the historic Okmulgee Black Hospital.
Past Grant Projects

- Chickasha Public Library (Chickasha, OK)
  - Awarded $20,000 to fund the digitization of 473 microfilm rolls containing Chickasha newspaper records from 1923-2018. This grant will fund the cost of digitizing the microfilm so that it can be hosted on the Gateway to Oklahoma History for public access. This will complete the online narrative record of Chickasha’s history and will ensure that the information is preserved in a format that is both user-friendly and accessible to the public.
Past Grant Projects

- Rogers County Historical Society (Claremore, OK)
  - Awarded $6,750 to fund the new wayfinding signage and information signs with QR codes with further historical interpretation of Totem Pole Park off Route 66 and the Belvidere Mansion located in Claremore.
Past Grant Projects

• Friends of Murrell Home
  (Park Hill, OK)
  • Awarded $7,872 to purchase supplies necessary to build a sheep program at Hunter's Home. This will allow for the creation of a year-round heritage program to include shearing, range management, and preventative care. It will also help create a fiber arts program (wool, knitting).

Purpose

The Oklahoma Historical Society (OHS) assist organizations that collect, preserve, and make accessible artifacts, objects, and records that document the state’s history. The objectives of the program include:

- Create a statewide, online database that identifies collections, programs, and exhibits that will encourage the sharing of resources between institutions.
- Encourage improvement in the care of collections, a higher quality of exhibits, and the expansion of Oklahoma history.

‘Collections’ means or refers to the objects, photographs, manuscripts, videos, audio recordings, maps, periodicals, microforms, or any other item of importance to Oklahoma’s history. The objectives of the program include:

- Preservation of collections, which may set aside funds each year to support projects that improve the condition of collections, historic buildings, or oral histories.
