

## We've Seen A Light

I've seen a light  
I've seen a light  
It's not what we've been told about (4x)

You were born into this  
You had to choice  
You blame yourself for this  
Despite your true voice

You walk away from the sun  
You turn your back on the moon  
And stand there what feels alone  
Being confused

I'm not here to give you advice  
I've heard of it my whole life  
And I'm not here to make you feel shame  
It's time to wash that fool away

We've seen a light  
We've seen a light  
It's not what we've been told about (2x)

I want to say don't dear  
I want to say be clear  
I want to say open  
Your eyes and mind

I want to say baby  
My little child baby  
I know what's better for you  
Than you do

That's what I want to say

But it's not true  
It's not true  
It's not true  
It's not true

Because

We've seen a light  
We've seen a light  
It's not what we've been told about

We've seen a light  
We've seen a light  
We need no other to verify
