Llama Love Patch Requirements

Llamas represent endurance, balance, hard-workers, and dependability. This patch program is all about celebrating those people who represent those same things to you.

**Step One**
Discuss with the girls what these things mean and who in their lives demonstrate them. If girls get stumped, use some examples. Moms and Dads are good at keeping balance in the family, teachers are hard working, firefighters never give up and are very dependable, nurses and doctors work long hours and have great endurance. The list can go on & on.

**Step Two**
Discuss what the girls would like to do to show some Llama Love. They could all decide to Llama Love their moms, or maybe they want to Llama Love the local firefighters as a group. Decide on who and then what they would like to do to show llama love and appreciation. Younger girls might like to draw pictures for firefighters or doctors at the local children’s hospital. Older girls might like to collect donations for a good cause. Troops can involve other troops too!

**Step Three**
Take action! This will vary greatly from troop to troop or can be done individually as well. As long as the action is thought out and from the heart, it counts towards the Llama Love patch. If you have other ideas not mentioned here, please feel free to use those too! These are just guidelines. If you'd like to include special Llama Love Notes, be sure to visit the online shop.
