### OUR ORIGIN STORY :

In 2013 Kasey Jones and Megan Bigelow grabbed coffee after connecting at a Grace Hopper Women in Computing event. At coffee they discussed how they both felt empowered from the event, yet they both were frustrated that it took a conference to bring women like them together. At that coffee date, PDXWIT was born. The two decided to form a group that would bring women in tech to gather on a regular basis.

In the early days, PDXWIT met at local bars as a no-host gathering. By the end of the first year, companies were reaching out and offering to host the meetings in their office spaces. In 2016, PDXWIT applied and became a 501(c)3 non-profit. The group still hosts monthly meetups and has added multiple satellite events. The group continues to grow and currently has over 2600 members.

### PURPOSE :

PDXWIT is a community-based non-profit organization. Our purpose is to strengthen the Portland women in tech community by offering: educational programs, partnerships, mentorships, resources and opportunities. We are unifying a supportive environment for current and potential women in tech, all of whom are committed to helping each other. Our goal is to bring together and empower current women in tech and to encourage others to pursue tech careers. This is our step towards reducing the gender imbalance in the industry and addressing the current negative effects of that imbalance on women.

### OUR VISION :

Portland Women in Technology's vision is to be Portland's trusted resource of support, empowerment, growth, engagement, fun and learning opportunities for women and their supporters, in all stages of their technology career. We will accomplish this by being a vigilant fixture in the Portland community, partnering with the community, businesses, organizations and individuals to achieve success.

### WHY A BRAND GUIDE :

This brand guide is designed for easy reference to the information needed to visually represent PDXWIT in a consistent manner.

### OUR NAME :

When writing our organization name always use the correct format defined here to help keep our brand awareness. Our name may not be displayed in any other way, including just "Women in Technology."

- Portland Women in Technology
- PDX Women in Tech
- PDXWIT (no lowercase letters, no spaces between PDX and WIT)

### THE LOGO :

The PDXWIT logo/iconography is meant to represent our organization by creating a distinct visual presence for our members and in the community. The logo must be used as provided and cannot be altered in any way.

Inconsistent usage of the PDXWIT logo could weaken and dilute the iconography to our members about the organization.

### WHICH LOGO DO I USE? :

There is a primary and secondary logo for PDXWIT. The primary green logo is the preferred version for all materials and communications. Whenever possible, all materials and communications should be created using the primary logo. In situations where the primary logo will not fit, the secondary logo can be used.

### USING THE PRIMARY LOGO :

When using the primary logo, please use your best judgement on placement, be aware of the space around the logo that is required for its use, and use only the green logo unless otherwise directed by the PDXWIT creative department or the founders of PDXWIT.

### USING THE SECONDARY LOGO :

In some cases, using the secondary logo is an option due to size constrictions. Using the secondary logo option, please use your best judgement on placement, be aware of the space around the logo that is required for its use, and only use the green logo unless otherwise directed by the PDXWIT creative department or the founders of PDXWIT.

SECONDARY LOGO

**PRIMARY LOGO USAGE :**

**01.** To ensure high visibility and an uncluttered representation, always maintain clear space (W distance as indicated) around the official logos.

A minimum distance must be maintained around the entire logo. This space has been established around the logo to ensure visibility. When using the PDXWIT logo it is important to maintain the clear space between the logo and other graphic elements such as type, images and other logos.

**02.** It is important that the brand can be easily read in every application and use. For this reason, the logo should not be utilized at sizes smaller than 1". This is the minimum size our logo can be reproduced. At this size the logo is still clearly legible and identifiable.

**03.** Logo can be used on light and dark backgrounds with specific use for each.

**01.** Maintain the required distance around the logo.

It is approximately the width and height of the W from the PDXWIT name or .375" all around.

**02.** Minimum width of 1" wide and .825" in height.

Ensure to maintain the same distance around, at .375", regardless of size.

**03. a.** Do use the default green logo on light backgrounds such as white and light grey (up to but not exceeding 15% Black.)

**03. b.** Do use the black logo on light backgrounds such as white and light grey (up to but not exceeding 15% Black.)

Black logo is also acceptable to use when using the green logo is difficult or if color printing is not an option.

**03. c.** Do use the white/ reversed logo on backgrounds such as PANTONE Black, 50%-100% Black, PANTONE 367 C (PDXWIT Lime.)

**LOGO COLORS :**

01. The PDXWIT colors should be used consistently to create visual connection across all our forms of communication. The logo should only be printed in the colors specified here. Any deviation from these colors will need to receive prior approval from a Creative Board Member.
02. The PDXWIT primary color is a strong, vivid lime green that signifies our strength in the face of adversity and our mission of community outreach.
03. The PDXWIT secondary and complementary colors have been chosen as a way to enhance the vivid green and their use should be minimal and not overpowering. Use this guide as a way of understanding the use of color that accompanies the PDXWIT brand.

**INCORRECT USE :**

The PDXWIT logo and iconography is meant to represent our organization by creating a distinct visual presence for our members and in the community. The logo must be used as provided and cannot be altered in any way. Inconsistent usage of the PDXWIT logo could weaken and dilute the brand image to our members and potential interests about the organization.

To maintain consistency, the logo must be used as provided. The logo must not be redrawn or altered in terms of its appearance, components, colors, proportions, or any other property.

The old PDXWIT logo will not be used on any PDXWIT material after December 2016.

After December 2016,  
please do not use the  
old PDXWIT Logo.

**PRIMARY LOGO  
INCORRECT USE EXAMPLES :**

- 01. Do not alter the logo in any way. This includes removing the line under the mountain and the circle dotting the i.
- 02. Do not replace the mountain with a half circle, change the official font, nor split the PDXWIT name.
- 03. Do not use any unauthorized colors or make changes to the logo without prior approval from the PDXWIT Creative Board.

**SECONDARY LOGO  
INCORRECT USE EXAMPLES :**

- 01. Do not alter the logo in any way. This includes removing the mountain and replacing it with a line.
- 02. Do not change the official font, nor split the PDXWIT name.
- 03. Do not use any unauthorized colors or make changes to the logo without prior approval from the PDXWIT Creative Board.

### **PHOTOGRAPHY :**

Photos tell the story about our organization and communicate with our members and community on an emotional level. This makes it an effective tool for conveying the right message about our organization. Photographs used on official PDXWIT materials need to be high resolution, in focus, and use general best practices for photography. Photos taken at PDXWIT events will be used on the website, handouts and/or promotional materials. If an event participant wishes to not be in any photographs, they need to notify the PDXWIT photographer or an event volunteer.

### **PHOTOGRAPHY REQUESTS :**

PDXWIT event photography may be requested through the Creative Board Member. Requests should be made via email found on the PDXWIT website ([www.pdxwit.org](http://www.pdxwit.org).)

### **PHOTO ATTRIBUTION :**

Properly attribute PDXWIT and the photographers name. Example: ©PDXWIT, [First Name] [Last Name] The only exception to this will be photography on the PDXWIT website, attribution will not be given per photo.

### GUIDELINES FOR POSTING EVENTS :

To post an event for PDXWIT you need the following information:

01. Host location
02. Start and end time
03. Event tags
04. Event imagery: PDXWIT logo and host logo, any additional sponsor logos
05. Names and photos of speakers or special guests

Event copy should contain:

- Introduction copy that briefly explains the agenda of the event and why someone should attend.
- A brief description of the event including the names (with links) to the host, sponsors and speakers.
- If a fundraiser, there should be a brief italicized statement as follows: *The proceeds from this event will support the PDXWIT agenda.*
- Additional details and what you will get (required if paid event.)
- PDXWIT Statement of Purpose.

### USING PDXWIT MATERIALS IN YOUR PORTFOLIO :

Properly attribute PDXWIT and state your role with the organization. Ask for approval by the Creative Board member to make sure the assets are final and approved by the Board. Use the PDXWIT logo if possible and link back to the organization website. Example: ©PDXWIT, {your name}, {your title}

### CO-BRANDING WITH PDXWIT :

These co-branding guidelines are designed to safeguard the PDXWIT organization in various partnership environments. We want to make sure that PDXWIT is appropriately portrayed – but also make sure that our partners guidelines are followed as well.

Every co-branding partnership is different, so we don't have hard and fast rules about what is appropriate. It is the responsibility of PDXWIT and the co-branding partner to understand and obtain the proper permissions before a co-branded item is made.

- The PDXWIT logo and co-branding partner logo should be given a place of prominence on the page or screen, merchandise.
- The PDXWIT logo and co-branding partner logo should be of the same visual size.
- The logos should not appear more than once on a single page or screen, merchandise.
- The PDXWIT full color logo is our most universally recognized asset, use that version wherever possible.
- The solid white or black versions of the PDXWIT logo should be used only where the full color logo is not an option.
- The PDXWIT secondary logo can be used if the primary logo does not work with the design by seeking approval from the PDXWIT board.
