

## Hope and Health Participant Safety Policy Agreement

With guidance from [B.C.'s Restart Plan](#), Hope and Health will be resuming its in-community soccer programs. All in-person sport activities will be approved by, and accommodated to, each community. Hope and Health's updated protocols are guided by the recommendations of [viaSport](#) and the [Return to Sport Guidelines](#), which will allow us to operate safely and responsibly during this pandemic. We are prepared to monitor and update these plans as necessary, as we adapt to our "new normal".

All Participants\* of HOPE AND HEALTH must agree to abide by the following points when entering H3 program facilities and/or participating in H3 program activities under the [COVID-19 B.C. Response](#) plan and [RTP Protocol](#):

- I agree to symptom screening checks, and will let Hope and Health know if I have experienced any of the symptoms in the last 14 days.
- I agree to stay home if I am feeling sick, and remain home for 14 days if experiencing COVID-19 symptoms.
- I agree to sanitize my hands upon entering and exiting the facility and/or field, with soap or sanitizer – this will be facilitated by Hope and Health Coach and Coordinator(s).
- I agree to continue to follow social distancing protocols of staying at least 2m away from others.
- I agree to not share any equipment during practice times.
- I agree to not share any food or beverages
- I agree to abide by all of Hope and Health's COVID-19 Policies and Guidelines.
- I understand that if I do not abide by the aforementioned policies/guidelines, that I may be asked to leave the program for up to 14 days to help protect myself and others around me.
- I acknowledge that continued abuse of the policies and/or guidelines may result in suspension from Hope and Health programming temporarily.
- I acknowledge that there are risks associated with participating in Hope and Health programming and activities, and that the measures taken by the organization and participants, including those set out above and under the COVID-19 Response Plan and Return to Sport Protocols, will not entirely eliminate those risks.
