 Portable Power To Fit Your Mission

WESTERN SHELTER SYSTEMS
 ISO 9001:2008 Registered Company

The MQ Power WhisperWatt™ line of portable generators provides a variety of power options to suit the needs of your mission. Each WhisperWatt™ generator features a sound-deadening, weather-resistant housing that allows substantially lower operating noise levels than competitive designs.

An automatic safety shutdown system monitors the water temperature, engine oil pressure, low coolant, low DEF, overspeed, and overcrank. Warning lights indicate abnormal conditions.

The fully covered power panel allows fast and convenient hookup for most applications including temporary power boxes, tools and lighting equipment. All are NEMA standard.
