For men seeking to go deeper into life, themselves and God

Drawing on the inspiration of recent men’s movements and more ancient traditions of rites of passage Journey Into The Wild is a led retreat with a difference. There will be times of intense activity as well as reflection with the sole purpose of enabling men to discover their purpose, life direction and energy to live fully.

Some things to expect are walking, feasting, fasting, praying, thinking, teaching, meditating, reading, countryside, watching and waiting.

Now in its third year it all takes in the stunning setting of the Westwood Christian Centre overlooking the rolling hills of the Peak District. As well as guest speakers 2 key leaders will facilitate the gathering. Tony Vino, a comedian and writer for Sorted Men’s Magazine and serial podcaster on men’s issues.

Mark Cowling, ordained minister, chaplain and pioneer of the Fit4Life course.
