

Dear fellow Republican,

July 25th, 2016

Principles matter, especially the principles of our elected officials. But apparently principles are of no importance to our Congressman Kevin Yoder, who is under Congressional investigation alleging his massive \$2.4 million dollar campaign account is funded substantially with pay for play favors from the payday loan industry.

That's right, our Congressman, Kevin Yoder, is under Congressional investigation for "pay-for-play" or "carrying water" for the payday loan industry in return for campaign contributions.

According to media reports and filing reports, Congressman Yoder received \$178,000 between 2011 and 2015 from the payday loan industry, add contributions from Big Wall Street Banks and our Congressman is one of the most bought and sold Congressmen in Washington D.C.

Here are two headlines with many more nationwide:

Topeka Capital Journal: Ethics complaint against Rep. Kevin Yoder alleges pay-for-play with payday loan industry – Friday, Oct. 9, 2015
FEC filings show flurry of donations before and after bill support

The Kansas City Star: Congressman Kevin Yoder faces ethics complaint for his support of pro-payday loan industry bill – Oct. 10, 2015
The complaint: Yoder accepted campaign money around the time he lent his support to the measure.....

This scandal is one of the many reasons I am a candidate for the 3rd Congressional District. This seat belongs to us, We the People and **it is not for sale!** That is why I have pledged not to take ANY PAC money, not now, not ever. My contributions come from individuals only, returning honesty and integrity to the process. It is time to get big PAC money exemplified by Wall Street Banks and the payday loan industry out of electing our representatives and senators on both the National and State level.

Why am I different, why can't I be bought? Because I understand oaths!! I took an oath entering the U.S. Army as a private, to which I am still bound and will be

bound as a Soldier for life, to protect and defend this great and wonderful nation of **OURS**. I am sworn to uphold the Constitution of the United States of America, not the “special” interests such as big Wall Street Banks and the Payday Loan Industry. Again, I will not take PAC money now or in the future, not one penny.

I have defended our nation on the front lines of battle in the Gulf War with the 5th Battalion, 16th Infantry Regiment, 1st Infantry Division (**The Big Red One**). For 28 years I met the nation’s call across the world; my last deployment was in Baghdad assigned as Logistics Officer working with the Iraq Minister of Interior to equip the over 170,000 member Iraqi police force. I have the **real world experience** needed to represent you and I will not represent or protect the chosen few who buy and sell our elected officials.

I have little money, but I have a lot of shoe leather and growing name recognition. I have passion, experience and the willingness to work hard to represent you, not the “moneyed” special interests in Washington D.C.

Please join me in telling the payday loan industry, big Wall Street banks, and the Establishment Republicans, we are done, we are taking our party and our country back.

Vote August 2nd, vote Goode for Congress. Goode for us, Goode for Congress.

Sincerely yours,
