WINE-MAKING

Grapes are picked by hand in plastic crates of 15 kg and the bunches are sorted on a sorting table. Gently de-stemmed and cold skin contact maceration. Free run juice without press ("bleeding" of the must) and cold fermentation without skins.

TASTING

Very bright yellow colour. Fresh and very fruity aroma in which the tropical fruits stand out (pineapple, melon, banana, peach), green apple hints with a floral base and mineral touch. Fresh and acid attack, turning soft and creamy in the middle. Round and structured, keeping the acidity until the end and leaving a lingering finish.
