The session will be 12 weeks long and include many of our pre-COVID offerings with smaller group sizes. Days and times will be assigned by riding level by the Misty staff. Calling All Volunteers!

Our staff and volunteers work together, forming a vital team that is essential to our ongoing success. Individual reasons for volunteering may differ, but the special connections formed with people and horses create a common bond with everyone involved in our program. Whether your experience with horses is life-long or minimal, your willingness to give yourself and your time is what we need.

If you are interested in learning more about volunteering at Misty Meadows Equine Learning Center, please contact us today. The recommended minimum age for volunteers is 14.
