

Training Course Outline

Course	Description	Duration	Experience
Ultrasonic Welds L2 UTW2 PCN Initial (3.1 & 3.2)	Welds – Plate & Pipe This 10 day program is designed for students holding AINDT certification	10 days	5 years+ (mature candidate) or AINDT II
Ultrasonic Welds L2 UTW2 PCN Initial (3.1 & 3.2)	Welds Plate & Pipe This 15 day program is designed for initial candidates	15 days	12 months
Time of Flight Diffraction L2 TOFD2 PCN Initial	10 day program is designed for initial candidates holding UTW2 PCN Certification or accepted equivalent (ISO 9712)	10 days	12 months
Phased Array L2 PA2 PCN Initial	Welds and Wrought Plate This 12 day program is designed for initial candidates holding UTW2 PCN Certification or accepted equivalent	12 days	3 months
Ultrasonic Thickness L2 UT2 PCN Initial Wrought plate	Thickness & Lamination Checking 4 days training & 1 day examination	5 days	12 months
Liquid Penetrant L2 PT2 PCN Initial (Castings, Forgings & Welds)	Initial 5 day course	5 days	4 months
Magnetic Particle L2 MT2 PCN Initial (Castings, Forgings & Welds)	Initial 5 day course	5 days	4 months
Eddy Current L2 ETW2 PCN Initial	This is an 10 day initial course	10 days	12 months
Ultrasonic Welds L2 UTW2 PCN Recertification	Welds – Plate and/or Pipe	3 days	N/A
Magnetic Particle L2 MT2 PCN Recertification	Recertification examination including ½ day re-training	1 day	N/A
Liquid Penetrant L2 PT2 PCN Recertification	Recertification examination including ½ day re-training	1 day	N/A

Please contact the office for pricing
 Addition costs are PCN Levy \$200
 50% Deposit required for confirmation of booking
 Once a total cost is agreed there will be no hidden extras
 A Detailed course curriculum is available upon request
