

# Sara Sadie

Coloring and Activity Book

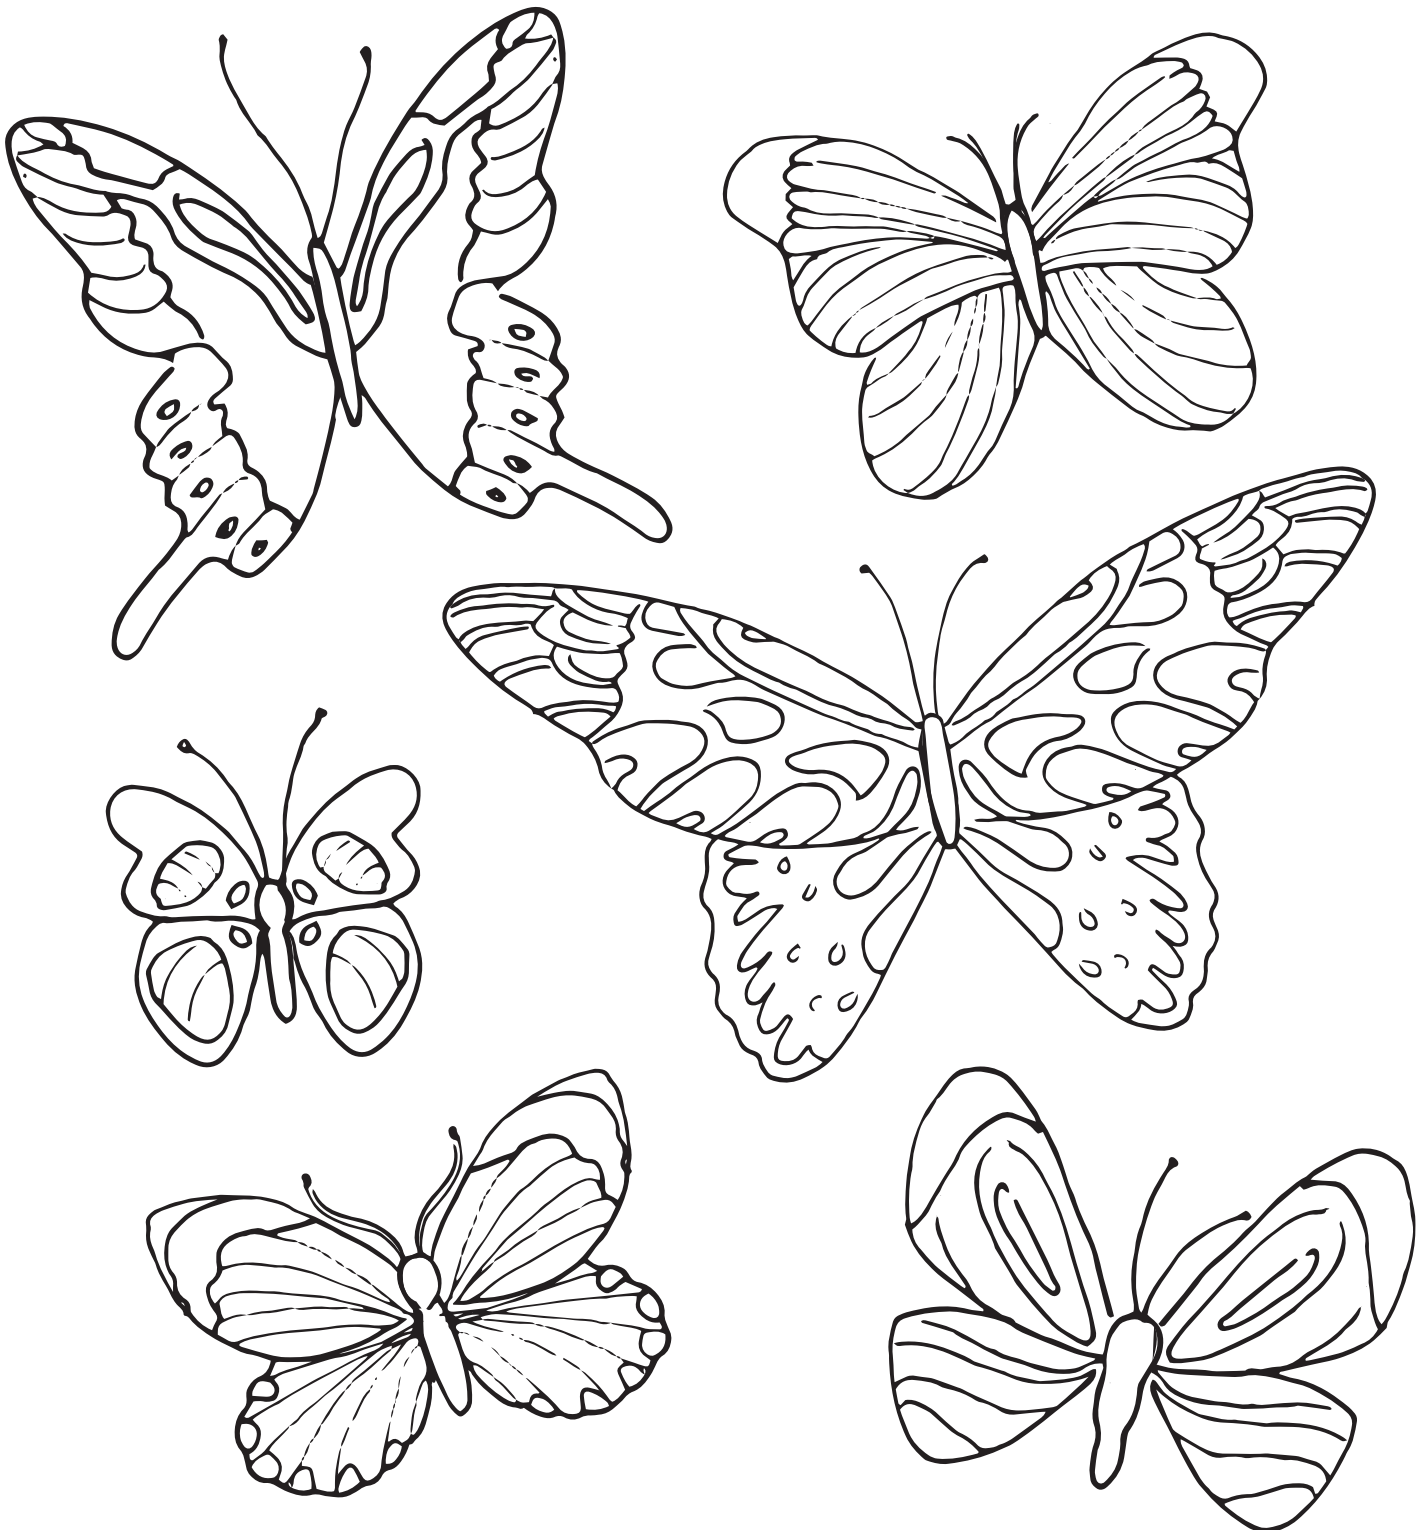

Here we are in black and white,  
on the search for new clothes  
since mine are too tight!

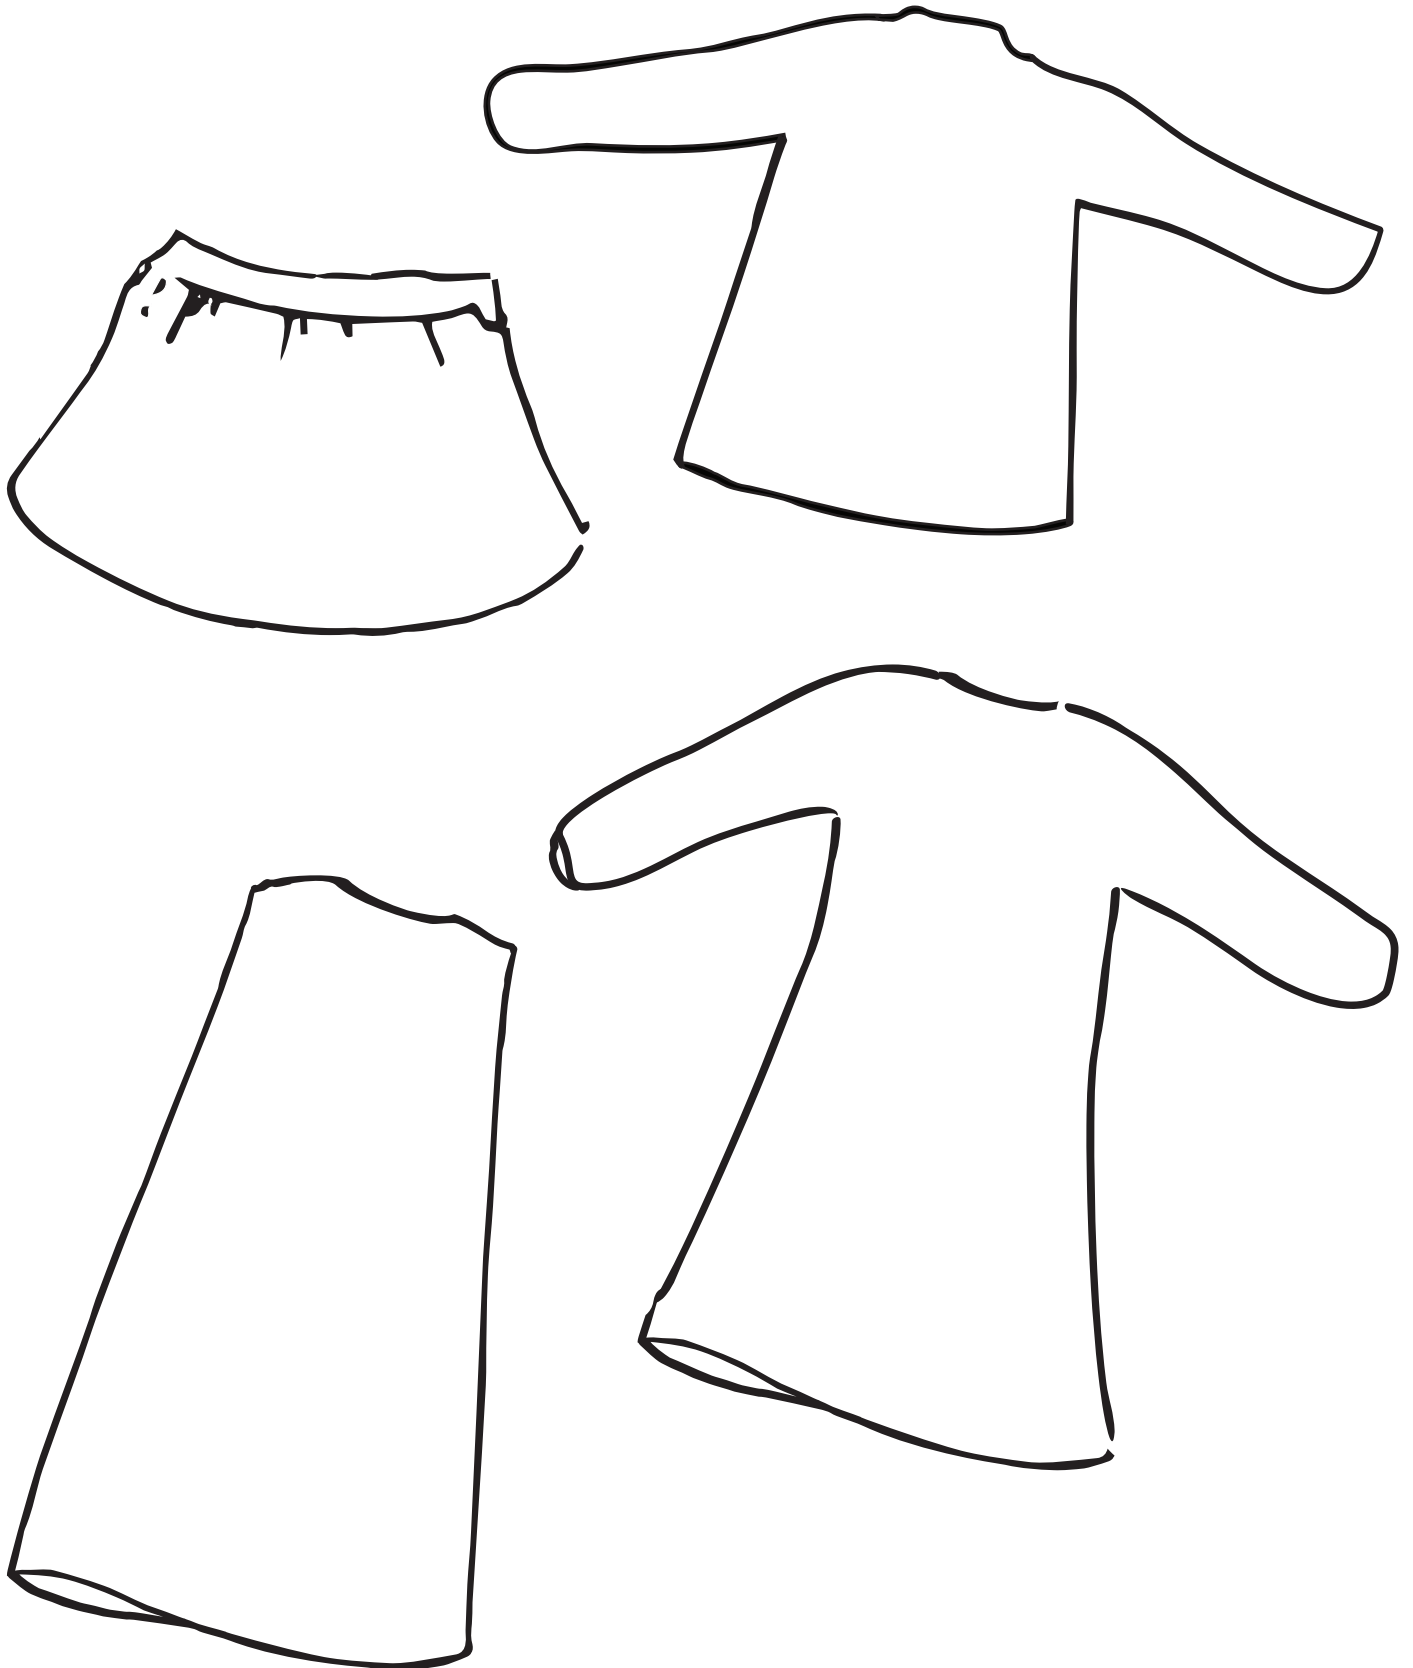

I have been growing and growing  
and I need something new,  
and I am hoping and hoping for some help from you!

First, will you please collect some coloring supplies  
and add some color to these butterflies?

Now take a look at the colors,  
the shapes and the lines,  
and use the butterflies to inspire clothing designs!

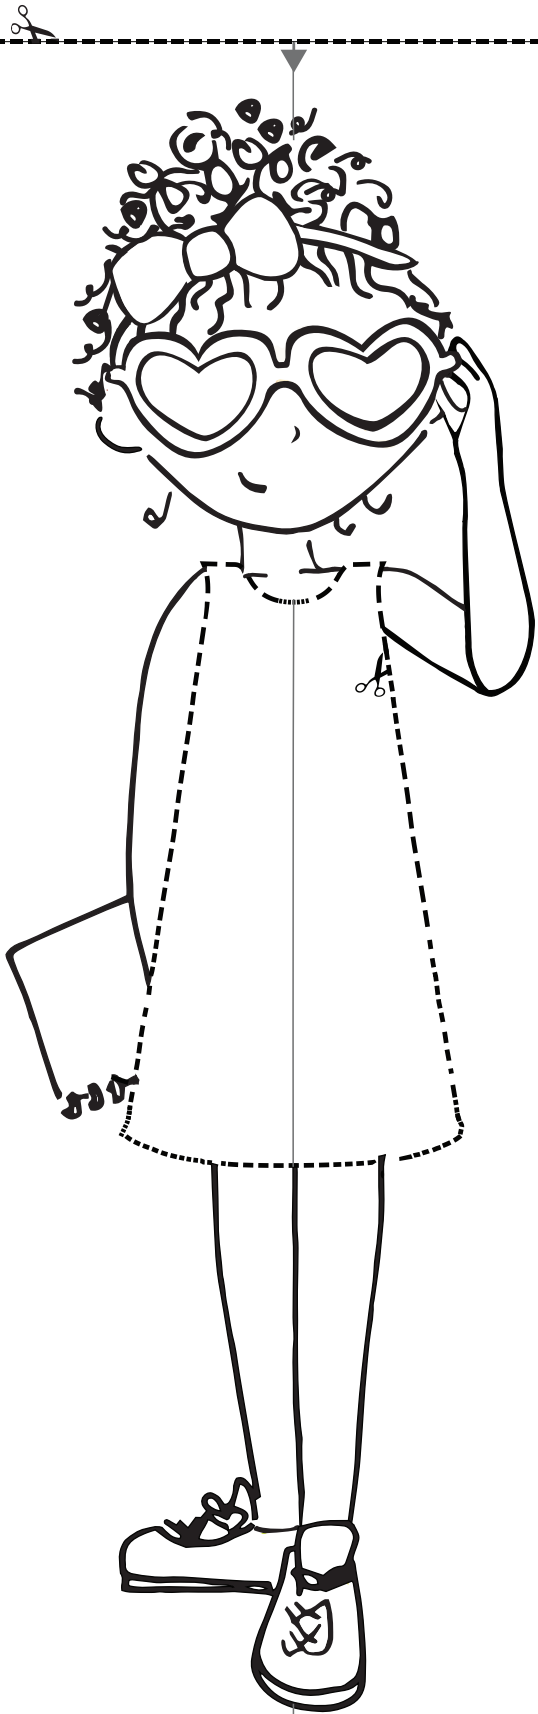

Next, let's stretch our skills of observation,  
and search for some fresh design inspiration!

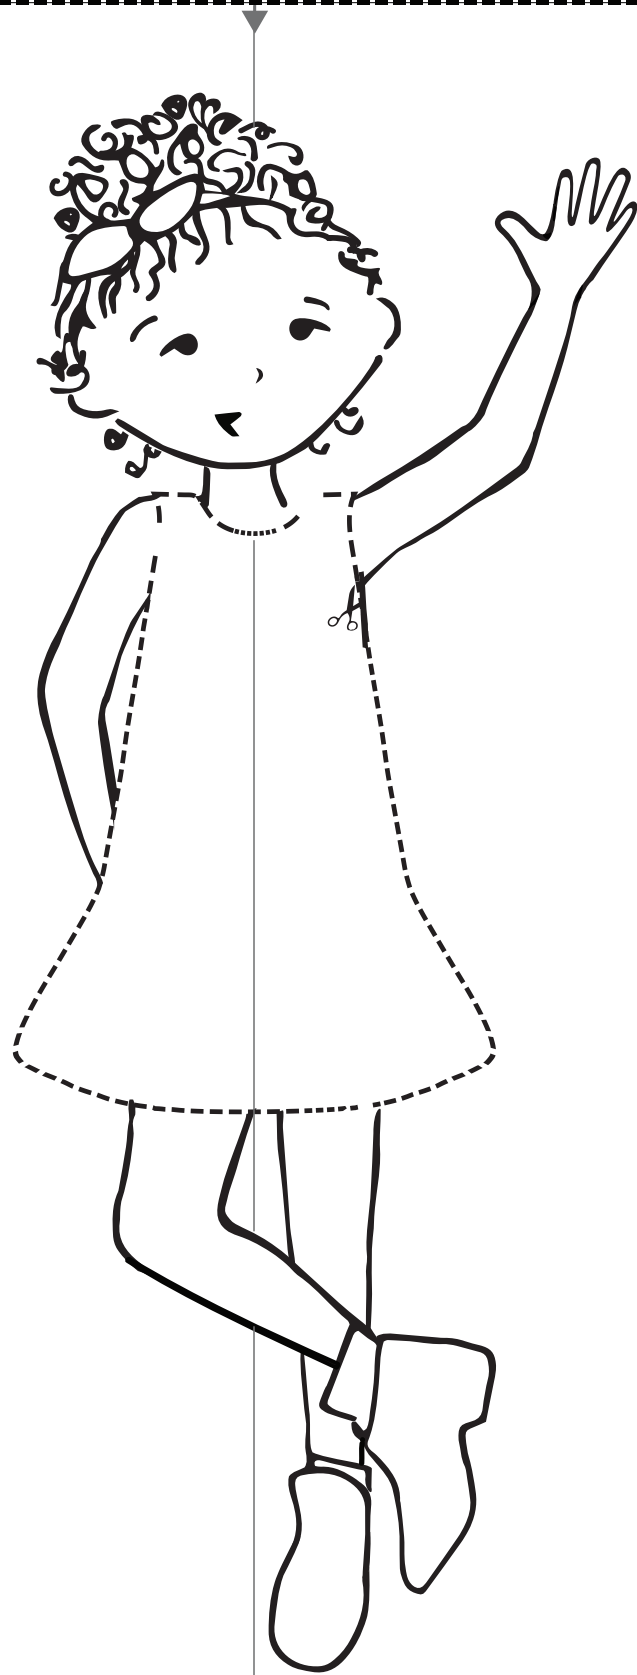

Please ask an adult on your design staff,  
to cut, then fold, each of my pictures in half.

Fold each one on the crease with my picture outside  
and then cut carefully along the dotted line guide.

@sara.sadie

Now when you see a flower patch or a piece of wall art,  
a fun landscape or a patterned part,

hold my picture in front of whatever you see,  
take a photo and say "Wear this Sara Sadie!"
