spirits

tequila ↗

Much like Mexico, tequila is the result of a marriage between two cultures, native and Spanish. Originally produced indigenously from the blue agave plant as octli or pulque and later distilled by the Spanish as a replacement for depleted Brandy supplies. Tequila has come a symbol of compromise and ingenuity that goes well with Mexico's complex history. We proudly offer only 100% Blue Agave tequila with no unnatural coloring or flavor additives. Enjoy Blanco (Aged 2 months or less), Reposado (Aged 2 months to 1 Year), Añejo (1 to 3 years), and Extra Añejo (3 years or more). AND, make any of our tequilas a Margarita for \$1 more!

mezcal

Mexico says, "For everything good: Mezcal, and for everything bad: Mezcal." Mezcal comes from the Maguey plant blue agave's "tougher" cousin), which has to be smoked before it's distilled.
