INSTITUTE OF TRANSPORTATION ENGINEERS—ILLINOIS SECTION

2019 STUDENT PAPER AWARD

Deadline: Friday, December 6, 2019

If you are currently a student member of the Institute of Transportation Engineers and currently enrolled in a graduate program (see eligibility requirements below), you are invited to submit a written paper on a transportation engineering topic for consideration in the 2019 ITE Illinois Section Student Paper Award competition.

ELIGIBILITY

• Must be a student member of ITE during the period between April 1, 2019 and December 6, 2019.
• Must satisfy one of the following:
  • Currently enrolled in a graduate program in Illinois
  • Permanent resident of the State of Illinois enrolled in a graduate program outside Illinois
• Must have completed the work that provides the basis for the paper while a student member of ITE.
• Must be the only author. No co-authors.

AWARD

• $1,000 Scholarship.
• Hosted as a guest of honor at the ITE Illinois Section Annual Banquet in early 2020 Plaque of Recognition.
• Represents the Illinois Section in the Midwest District Student Paper Contest.

PAPER SUBMITTAL

• Papers may be submitted in hard copy or electronically using the contact information below. Deadline for receipt of the student paper entries is Friday, December 6, 2019, at 11:59pm. If the entry is received after this date, it will not be considered.

PAPER TOPIC & FORMAT

• Address a subject in the field of transportation engineering.
• Manuscripts must be submitted in English.
• Maximum length: 15 double-spaced, typed pages. This page limit also includes title page, table of contents and any attachments. The Font Size should not be lower than 11.
• Title page must have the title of the paper plus the author’s name and contact information and “ITE Midwest District”.

EVALUATION CRITERIA

• Originality – 20%
• Significance: Potential to contribute to the field of transportation – 20%
• Scope and Format: Technical and textual report structure, clarity, and writing style – 20%
• Validity: Technical soundness – 20%
• Applicability: Capacity for real-world use – 20%
