Oak trees and their acorns are vital to local habitats and to the Ohlone diet.

I think the best starting point for people to learn about Ohlone food is acorn bread, ... because it's one of our most traditional foods. It's a food that goes way back into the ancient, and it's one of those foods that's so pure, takes so much work, so much time, so much intention.

- Louis Trevino (Rumsen Ohlone)
