Dear Parents, Perhaps no time in history has us thinking about student safety more than the present pandemic of COVID-19. Student safety has always been of great concern to parents, teachers, and principals. In an effort to ensure the safety of our students, please adhere to these guidelines when bringing students to school. Comparing this map with the “Ellis Elementary Entrances Plan” map will help you decide where to drop off your child and where you can safely park if you need to come into the building. Please note the busing location, parent parking locations, and location designated as student pick-up/ drop-off only areas. Feel free to park in the front of the school outside the times posted on the curbside. **No Parking in front of the school from 7:15-7:45, 9:45-10:15, 11:30-12:15 and 2:15-2:45.** Please note that Logan City has a residential parking ordinance that prohibits parking on the streets across from the school without a permit. The exception will be the side of the street closest to the school. Arrows indicate the best direction for flow of traffic. Please do your best to follow these guidelines. If you have any questions, please let us know. Thanks, Mr. Beach
