I. Purpose

This Notice supersedes Notice CPD-14-012 and provides guidance to Continuums of Care (CoC) and recipients of Continuum of Care (CoC) Program (24 CFR part 578) funding for permanent supportive housing (PSH) regarding the order in which eligible households should be served in **all** CoC Program-funded PSH. This Notice reflects the new definition of chronically homeless as defined in CoC Program interim rule as amended by the Final Rule on Defining “Chronically Homeless” (herein referred to as the Definition of Chronically Homeless final rule) and updates the orders of priority that were established under the prior Notice. CoCs that previously adopted the orders of priority established in Notice CPD-14-012, which this Notice supersedes, and who received points for having done so in the FY2015 CoC Program Competition are encouraged to update their written standards to reflect the updates to the orders of priority as established in this Notice. CoCs that have not previously adopted the orders of priority established in Notice CPD-14-012 are also encouraged to incorporate the orders of priority included in this Notice into their written standards

A. Background

In June 2010, the Obama Administration released *Opening Doors: Federal Strategic Plan to Prevent and End Homelessness (Opening Doors)*, in which HUD and its federal partners set goals to end Veteran and chronic homelessness by 2015, and end family and youth homelessness by 2020. Although progress has been made there is still a long way to go. In 2015, the United States Interagency Council on Homelessness extended the goal timeline for achieving the goal of ending chronic homelessness nationally from 2015 to 2017. In 2015, there were still 83,170 individuals and 13,105 persons in families with children that were identified as chronically homeless in the United States. To end chronic homelessness, it is critical that CoCs ensure that limited resources awarded through the CoC Program Competition are being used in the most effective manner and that households that are most in need of assistance are being prioritized.

Since 2005, HUD has encouraged CoCs to create new PSH dedicated for use by persons experiencing chronic homelessness (herein referred to as dedicated PSH). As a result, the number of dedicated PSH beds funded through the CoC Program for persons experiencing chronic homelessness has increased from 24,760 in 2007 to 59,329 in 2015. This increase has contributed to a 30.6 percent decrease in the number of chronically homeless persons reported in the Point-in-Time Count between 2007 and 2015. Despite the overall increase in the number of dedicated PSH beds, this only represents 31.6 percent of all CoC Program-funded PSH beds.

To ensure that all PSH beds funded through the CoC Program are used as strategically and effectively as possible, PSH needs to be targeted to serve persons with the highest needs and greatest barriers towards obtaining and maintaining housing on their own—persons experiencing chronic homelessness. HUD’s experience has shown that many communities and recipients of CoC Program-funded PSH continue to serve persons on a “first-come, first-serve” basis or based on tenant selection processes that screen-in those who are most likely to succeed while screening out those with the highest level of need. These approaches to tenant

selection have not been effective in reducing chronic homelessness, despite the increase in the number of PSH beds nationally.

B. Goals of this Notice

The overarching goal of this Notice is to ensure that those individuals and families who have spent the longest time in places not meant for human habitation, in emergency shelters, or in safe havens and who have the most severe service needs within a community are prioritized for PSH. By ensuring that persons with the longest histories of homelessness and most severe service needs are prioritized for PSH, progress towards the Obama Administration's goal of ending chronic homelessness will increase. In order to guide CoCs in ensuring that all CoC Program-funded PSH beds are used most effectively, this Notice revises the orders of priority related to how persons should be selected for PSH as previously established in Notice CPD-14-012 to reflect the changes to the definition of chronically homeless as defined in the Definition of Chronically Homeless final rule. CoCs are strongly encouraged to adopt and incorporate them into the CoC's written standards and coordinated entry process.

HUD seeks to achieve two goals through this Notice:

1. Establish a recommended order of priority for dedicated and prioritized PSH which CoCs are encouraged to adopt in order to ensure that those persons with the longest histories residing in places not meant for human habitation, in emergency shelters, and in safe havens and with the most severe service needs are given first priority.
2. Establish a recommended order of priority for PSH that is not dedicated or prioritized for chronic homelessness in order to ensure that those persons who do not yet meet the definition of chronic homelessness but have the longest histories of homelessness and the most severe service needs, and are therefore the most at risk of becoming chronically homeless, are prioritized.

C. Applicability

The guidance in this Notice is provided to all CoCs and all recipients and subrecipients of CoC Program funds—the latter two groups referred to collectively as recipients of CoC Program-funded PSH. CoCs are strongly encouraged to incorporate the order of priority described in this Notice into their written standards, which CoCs are required to develop per 24 CFR 578.7(a)(9), for their CoC Program-funded PSH. Recipients of CoC Program funds are required to follow the written standards for prioritizing assistance established by the CoC (see 24 CFR 578.23(c)(10)); therefore, if the CoC adopts these recommended orders of priority for their PSH, all recipients of CoC Program-funded PSH will be required to follow them as required by their grant agreement. CoCs that adopted the orders of priority established in Notice CPD-14-012, which this Notice supersedes, and who received points for having done so in the most recent CoC Program Competition are strongly encouraged to update their written standards to reflect the updates to the orders of priority as established in this Notice. Lastly, where a CoC has chosen to not adopt HUD's recommended orders of priority into their written standards, recipients of CoC Program-funded PSH are encouraged to follow these standards for selecting participants into their programs as long as it is not inconsistent with the CoC's written standards.

D. Key Terms

1. **Housing First.** A model of housing assistance that prioritizes rapid placement and stabilization in permanent housing that does not have service participation requirements or preconditions for entry (such as sobriety or a minimum income threshold). HUD encourages all recipients of CoC Program-funded PSH to follow a Housing First approach to the maximum extent practicable.
2. **Chronically Homeless.** The definition of “chronically homeless”, as stated in Definition of Chronically Homeless final rule is:
 - (a) A “homeless individual with a disability,” as defined in section 401(9) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11360(9)), who:
 - i. lives in a place not meant for human habitation, a safe haven, or in an emergency shelter; and
 - ii. Has been homeless and living as described in paragraph (a)(i) continuously for at least 12 months or on at least four separate occasions in the last 3 years, as long as the combined occasions equal at least 12 months and each break in homelessness separating the occasions included at least 7 consecutive nights of not living as described in paragraph (a)(i). Stays in institutional care facilities for fewer than 90 days will not constitute as a break in homelessness, but rather such stays are included in the 12-month total, as long as the individual was living or residing in a place not meant for human habitation, a safe haven, or an emergency shelter immediately before entering an institutional care facility;
 - (b) An individual who has been residing in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital, or other similar facility, for fewer than 90 days and met all of the criteria in paragraph (a) of this definition, before entering the facility;
 - (c) A family with an adult head of household (or if there is no adult in the family, a minor head of household) who meets all of the criteria in paragraph (a) or (b) of this definition (as described in Section I.D.2.(a) of this Notice), including a family whose composition has fluctuated while the head of household has been homeless.
3. **Severity of Service Needs.** This Notice refers to persons who have been identified as having the most severe service needs.
 - (a) For the purposes of this Notice, this means an individual for whom at least one of the following is true:
 - i. History of high utilization of crisis services, which include but are not limited to, emergency rooms, jails, and psychiatric facilities; and/or

- ii. Significant health or behavioral health challenges, substance use disorders, or functional impairments which require a significant level of support in order to maintain permanent housing.
- iii. For youth and victims of domestic violence, high risk of continued trauma or high risk of harm or exposure to very dangerous living situations.
- iv. When applicable CoCs and recipients of CoC Program-funded PSH may use an alternate criteria used by Medicaid departments to identify high-need, high cost beneficiaries.

(b) Severe service needs as defined in paragraphs i.-iv. above should be identified and verified through data-driven methods such as an administrative data match or through the use of a standardized assessment tool and process and should be documented in a program participant's case file. The determination must not be based on a specific diagnosis or disability type, but only on the severity of needs of the individual. The determination cannot be made based on any factors that would result in a violation of any nondiscrimination and equal opportunity requirements, see 24 C.F.R. § 5.105(a).

II. Dedication and Prioritization of Permanent Supportive Housing Strategies to Increase Number of PSH Beds Available for Chronically Homeless Persons

A. Increase the number of CoC Program-funded PSH beds that are dedicated to persons experiencing chronic homelessness.

Dedicated PSH beds are those which are required through the project's grant agreement to only be used to house persons experiencing chronic homelessness unless there are no persons within the CoC that meet that criteria. If there are no persons within the CoC's geographic area that meet the definition of chronically homeless at a point in which a dedicated PSH bed is vacant, the recipient may then follow the order of priority for non-dedicated PSH established in this Notice, if it has been adopted into the CoC's written standards. The bed will continue to be a dedicated bed, however, so when that bed becomes vacant again it must be used to house a chronically homeless person unless there are still no persons who meet that criterion within the CoC's geographic area at that time. These PSH beds are also reported as "CH Beds" on a CoC's Housing Inventory Count (HIC).

B. Prioritize non-dedicated PSH beds for use by persons experiencing chronic homelessness.

Prioritization means implementing an admissions preference for chronically homeless persons for CoC Program-funded PSH beds. During the CoC Program competition project applicants for CoC Program-funded PSH indicate the number of non-dedicated beds that will be prioritized for use by persons experiencing chronic homelessness during the operating year of that grant, when awarded. These projects are then required to prioritize chronically homeless persons in their non-dedicated CoC Program-funded PSH beds for the applicable operating year as the project application is incorporated into the

grant agreement. All recipients of non-dedicated CoC Program-funded PSH are encouraged to change the designation of their PSH to dedicated, however, at a minimum are encouraged to prioritize the chronically homeless as beds become vacant to the maximum extent practicable, until there are no persons within the CoC's geographic area who meet that criteria. Projects located in CoCs where a sub-CoC approach to housing and service delivery has been implemented, which may also be reflected in a sub-CoC coordinated entry process, need only to prioritize assistance within their specified area. For example, if a Balance of State CoC has chosen to divide the CoC into six distinct regions for purposes of planning and housing and service delivery, each region would only be expected to prioritize assistance within its specified geographic area.¹

The number of non-dedicated beds designated as being prioritized for the chronically homeless may be increased at any time during the operating year and may occur without an amendment to the grant agreement.

III. Order of Priority in CoC Program-funded Permanent Supportive Housing

The definition of chronically homeless included in the final rule on “Defining Chronically Homeless”, which was published on December 4, 2015 and went into effect on January 15, 2016, requires an individual or head of household to have a disability and to have been living in a place not meant for human habitation, in an emergency shelter, or in a safe haven for at least 12 months either continuously or cumulatively over a period of at least 4 occasions in the last 3 years. HUD encourages all CoCs adopt into their written standards the following orders of priority for all CoC Program-funded PSH. CoCs that adopted the orders of priority established in Notice CPD-14-012, which this Notice supersedes, and who received points for having done so in the most recent CoC Program Competition are strongly encouraged to update their written standards to reflect the updates to the orders of priority as established in this Notice. Where a CoC has chosen to not incorporate HUD's recommended orders of priority into their written standards, recipients of CoC Program-funded PSH are encouraged to follow these standards for selecting participants into their programs as long as it is not inconsistent with the CoC's written standards.

As a reminder, recipients of CoC Program-funded PSH are required to prioritize otherwise eligible households in a nondiscriminatory manner. Program implementation, including any prioritization policies, must be implemented consistent with the nondiscrimination provisions of the Federal civil rights laws, including, but not limited to the Fair Housing Act, Section 504 of the Rehabilitation Act, Title VI of the Civil Rights Act, and Title II or III of the Americans with Disabilities Act, as applicable. For example, while it is acceptable to prioritize based on level of need for the type of assistance being offered, prioritizing based on specific disabilities would not be consistent with fair housing requirements or program regulations.

¹ For the State of Louisiana grant originally awarded pursuant to “Department of Housing and Urban Development—Permanent Supportive Housing” in chapter 6 of title III of the Supplemental Appropriations Act, 2008 (Public Law 110–252; 122 Stat. 2351), projects located within the geographic area of a CoC that is not the CoC through which the State is awarded the grant may prioritize assistance within that geographic area instead of within the geographic area of the CoC through which the State is awarded the grant.

A. Prioritizing Chronically Homeless Persons in CoC Program-funded Permanent Supportive Housing Beds Dedicated or Prioritized for Occupancy by Persons Experiencing Chronic Homelessness

1. CoCs are strongly encouraged to revise their written standards to include an order of priority, determined by the CoC, for CoC Program-funded PSH that is dedicated or prioritized for persons experiencing chronic homelessness that is based on the length of time in which an individual or family has resided in a place not meant for human habitation, a safe haven, or an emergency shelter and the severity of the individual's or family's service needs. Recipients of CoC Program-funded PSH that is dedicated or prioritized for persons experiencing chronic homelessness would be required to follow that order of priority when selecting participants for housing, in a manner consistent with their current grant agreement.
2. Where there are no chronically homeless individuals and families within the CoC's geographic area, CoCs and recipients of CoC Program-funded PSH are encouraged to follow the order of priority in Section III.B. of this Notice. For projects located in CoC's where a sub-CoC approach to housing and service delivery has been implemented, which may also be reflected in a sub-CoC coordinated entry process, need only to prioritize assistance within their specified sub-CoC area.²
3. Recipients of CoC Program-funded PSH should follow the order of priority above while also considering the goals and any identified target populations served by the project. For example, a CoC Program-funded PSH project that is permitted to target homeless persons with a serious mental illness should follow the order of priority under Section III.A.1. of this Notice to the extent in which persons with serious mental illness meet the criteria. In this example, if there were no persons with a serious mental illness that also met the criteria of chronically homeless within the CoC's geographic area, the recipient should follow the order of priority under Section III.B for persons with a serious mental illness.
4. Recipients must exercise due diligence when conducting outreach and assessment to ensure that chronically homeless individuals and families are prioritized for assistance based on their total length of time homeless and/or the severity of their needs. HUD recognizes that some persons—particularly those living on the streets or in places not meant for human habitation—might require significant engagement and contacts prior to their entering housing and recipients of CoC Program-funded PSH are not required to allow units to remain vacant indefinitely while waiting for an identified chronically homeless person to accept an offer of PSH. CoC Program-funded PSH providers are encouraged to follow a Housing First approach to the maximum extent practicable. Therefore, a person experiencing chronic homelessness should not be forced to refuse an offer of PSH if they do not want to participate in the project's services, nor should a PSH

² For the State of Louisiana grant originally awarded pursuant to “Department of Housing and Urban Development—Permanent Supportive Housing” in chapter 6 of title III of the Supplemental Appropriations Act, 2008 (Public Law 110–252; 122 Stat. 2351), projects located within the geographic area of a CoC that is not the CoC through which the State is awarded the grant may prioritize assistance within that geographic area instead of within the geographic area of the CoC through which the State is awarded the grant.

project have eligibility criteria or preconditions to entry that systematically exclude those with severe service needs. Street outreach providers should continue to make attempts to engage those persons that have been resistant to accepting an offer of PSH and where the CoC has adopted these orders of priority into their written standards, these chronically homeless persons must continue to be prioritized for PSH until they are housed.

B. Prioritizing Chronically Homeless Persons in CoC Program-funded Permanent Supportive Housing Beds Not Dedicated or Not Prioritized for Occupancy by Persons Experiencing Chronic Homelessness

1. CoCs are strongly encouraged to revise their written standards to include the following order of priority for non-dedicated and non-prioritized PSH beds. If adopted into the CoCs written standards, recipients of CoC Program-funded PSH that is not dedicated or prioritized for the chronically homeless would be required to follow this order of priority when selecting participants for housing, in a manner consistent with their current grant agreement.

(a) First Priority—Homeless Individuals and Families with a Disability with Long Periods of Episodic Homelessness and Severe Service Needs

An individual or family that is eligible for CoC Program-funded PSH who has experienced fewer than four occasions where they have been living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter but where the cumulative time homeless is at least 12 months **and** has been identified as having severe service needs.

(b) Second Priority—Homeless Individuals and Families with a Disability with Severe Service Needs.

An individual or family that is eligible for CoC Program-funded PSH who is residing in a place not meant for human habitation, a safe haven, or in an emergency shelter and has been identified as having severe service needs. The length of time in which households have been homeless should also be considered when prioritizing households that meet this order of priority, but there is not a minimum length of time required.

(c) Third Priority—Homeless Individuals and Families with a Disability Coming from Places Not Meant for Human Habitation, Safe Haven, or Emergency Shelter Without Severe Service Needs.

An individual or family that is eligible for CoC Program-funded PSH who is residing in a place not meant for human habitation, a safe haven, or an emergency shelter where the individual or family has not been identified as having severe service needs. The length of time in which households have been homeless should be considered when prioritizing households that meet this order of priority, but there is not a minimum length of time required.

(d) Fourth Priority—Homeless Individuals and Families with a Disability Coming from Transitional Housing.

An individual or family that is eligible for CoC Program-funded PSH who is currently residing in a transitional housing project, where prior to residing in the transitional housing had lived in a place not meant for human habitation, in an emergency shelter, or safe haven. This priority also includes individuals and families residing in transitional housing who were fleeing or attempting to flee domestic violence, dating violence, sexual assault, or stalking and prior to residing in that transitional housing project even if they did not live in a place not meant for human habitation, an emergency shelter, or a safe haven prior to entry in the transitional housing.

2. Recipients of CoC Program-funded PSH should follow the order of priority above, as adopted by the CoC, while also considering the goals and any identified target populations served by the project. For example, non-dedicated or non-prioritized CoC Program-funded PSH that is permitted to target youth experiencing homelessness should follow the order of priority under Section III.B.1. of this Notice, as adopted by the CoC, to the extent in which youth meet the stated criteria.
3. Recipients must exercise due diligence when conducting outreach and assessment to ensure that persons are prioritized for assistance based on their length of time homeless and the severity of their needs following the order of priority described in this Notice, and as adopted by the CoC. HUD recognizes that some persons—particularly those living on the streets or in places not meant for human habitation—might require significant engagement and contacts prior to their entering housing and recipients are not required to keep units vacant indefinitely while waiting for an identified eligible individual or family to accept an offer of PSH (see [FAQ 1895](#)). Recipients of CoC Program-funded PSH are encouraged to follow a Housing First approach to the maximum extent practicable. Street outreach providers should continue to make attempts to engage those persons that have been resistant to accepting an offer of PSH and where the CoC has adopted these orders of priority into their written standards, these individuals and families must continue to be prioritized until they are housed.

IV. Using Coordinated Entry and a Standardized Assessment Process to Determine Eligibility and Establish a Prioritized Waiting List

A. Coordinated Entry Requirement

Provisions at 24 CFR 578.7(a)(8) requires that each CoC, in consultation with recipients of Emergency Solutions Grants (ESG) program funds within the CoC's geographic area, establish and operate either a centralized or coordinated assessment system (referred to in this Notice as coordinated entry or coordinated entry process) that provides an initial, comprehensive assessment of the needs of individuals and families for housing and services. CoCs that adopt the order of priority in Section III of this Notice into the CoC's written standards are strongly encouraged to use a coordinated entry process to ensure that there is a single prioritized list for all CoC Program-funded PSH within the CoC. The [Coordinated Entry Policy Brief](#), provides recommended criteria for a quality coordinated entry process and standardized assessment tool and process. Under no circumstances shall the order of priority be based upon diagnosis or disability type,

but instead on the length of time an individual or family has been experiencing homelessness and the severity of needs of an individual or family.

B. Written Standards for Creation of a Single Prioritized List for PSH

CoCs are also encouraged to include in their policies and procedures governing their coordinated entry system a requirement that all CoC Program-funded PSH accept referrals only through a single prioritized list that is created through the CoCs coordinated entry process, which should also be informed by the CoCs street outreach. Adopting this into the CoC's policies and procedures for coordinated entry would further ensure that CoC Program-funded PSH is being used most effectively, which is one of the goals in this Notice. The single prioritized list should be updated frequently to reflect the most up-to-date and real-time data as possible.

C. Standardized Assessment Tool Requirement

CoCs must utilize a standardized assessment tool, in accordance with 24 CFR 578.3, or process. The [Coordinated Entry Policy Brief](#), provides recommended criteria for a quality coordinated entry process and standardized assessment tool.

D. Nondiscrimination Requirements

CoCs and recipients of CoC Program-funded PSH must continue to comply with the nondiscrimination provisions of Federal civil rights laws, including, but not limited to, the Fair Housing Act, Section 504 of the Rehabilitation Act, Title VI of the Civil Rights Act, and Titles II or III of the Americans with Disabilities Act, as applicable. See 24 C.F.R. § 5.105(a).

V. Recordkeeping Recommendations for CoCs that have Adopted the Orders of Priority in this Notice

24 CFR 578.103(a)(4) outlines documentation requirements for all recipients of dedicated and non-dedicated CoC Program-funded PSH associated with determining whether or not an individual or family is chronically homeless for the purposes of eligibility. In addition to those requirements, HUD expects that where CoCs have adopted the orders of priority in Section III. of this Notice into their written standards. The CoC, as well as recipients of CoC Program-funded PSH, will maintain evidence of implementing these priorities. Evidence of following these orders of priority may be demonstrated by:

- A. Evidence of Severe Service Needs.** Evidence of severe service needs is that by which the recipient is able to determine the severity of needs as defined in Section I.D.3. of this Notice using data-driven methods such as an administrative data match or through the use of a standardized assessment. The documentation should include any information pertinent to how the determination was made, such as notes associated with case-conferencing decisions.
- B. Evidence that the Recipient is Following the CoC's Written Standards for Prioritizing Assistance.** Recipients must follow the CoC's written standards for prioritizing assistance, as adopted by the CoC. In accordance with the CoC's adoption of

written standards for prioritizing assistance, recipients must in turn document that the CoC's revised written standards have been incorporated into the recipient's intake procedures and that the recipient is following its intake procedures when accepting new program participants into the project.

C. Evidence that there are no Households Meeting Higher Order of Priority within CoC's Geographic Area.

- (a) When dedicated and prioritized PSH is used to serve non-chronically homeless households, the recipient of CoC Program-funded PSH should document how it was determined that there were no chronically homeless households identified for assistance within the CoC's geographic area – or for those CoCs that implement a sub-CoC³ planning and housing and service delivery approach, the smaller defined geographic area within the CoC's geographic area – at the point in which a vacancy became available. This documentation should include evidence of the outreach efforts that had been undertaken to locate eligible chronically homeless households within the defined geographic area and, where chronically homeless households have been identified but have not yet accepted assistance, the documentation should specify the number of persons that are chronically homeless that meet this condition and the attempts that have been made to engage the individual or family. Where a CoC is using a single prioritized list, the recipient of PSH may refer to that list as evidence.
- (b) When non-dedicated and non-prioritized PSH is used to serve an eligible individual or family that meets a lower order of priority, the recipient of CoC Program-funded PSH should document how the determination was made that there were no eligible individuals or families within the CoC's geographic area - or for those CoCs that implement a sub-CoC planning and housing and service delivery approach, the smaller defined geographic area within the CoC's geographic area - that met a higher priority. Where a CoC is using a single prioritized list, the recipient of PSH may refer to that list as evidence that there were no households identified within the CoC's geographic area that meet a higher order of priority.

VI. Questions Regarding this Notice

Questions regarding this notice should be submitted to HUD Exchange Ask A Question (AAQ) Portal at: <https://www.hudexchange.info/get-assistance/my-question/>.

³ For the State of Louisiana grant originally awarded pursuant to “Department of Housing and Urban Development—Permanent Supportive Housing” in chapter 6 of title III of the Supplemental Appropriations Act, 2008 (Public Law 110–252; 122 Stat. 2351), projects located within the geographic area of a CoC that is not the CoC through which the State is awarded the grant may prioritize assistance within that geographic area instead of within the geographic area of the CoC through which the State is awarded the grant.
