Pre-Conference Workshop: Standards of Good Practices

Presented by the Forum on Education Abroad

In conjunction with the PACIE 2017 Annual Conference, the Forum is offering a pre-conference workshop: an Overview of the Standards of Good Practices in Education Abroad Programming.

The Forum's Standards provide a means to assess and ensure quality in all areas—academic programming, student conduct, resources and personnel, and policies and procedures. Using the Standards as a guide, participants will examine practices at their universities or organizations. This workshop will be highly interactive, drawing on case studies and issues of interest to participants. It is open to conference attendees and non-attendees alike. This qualifies as a Forum Certification Workshop.
